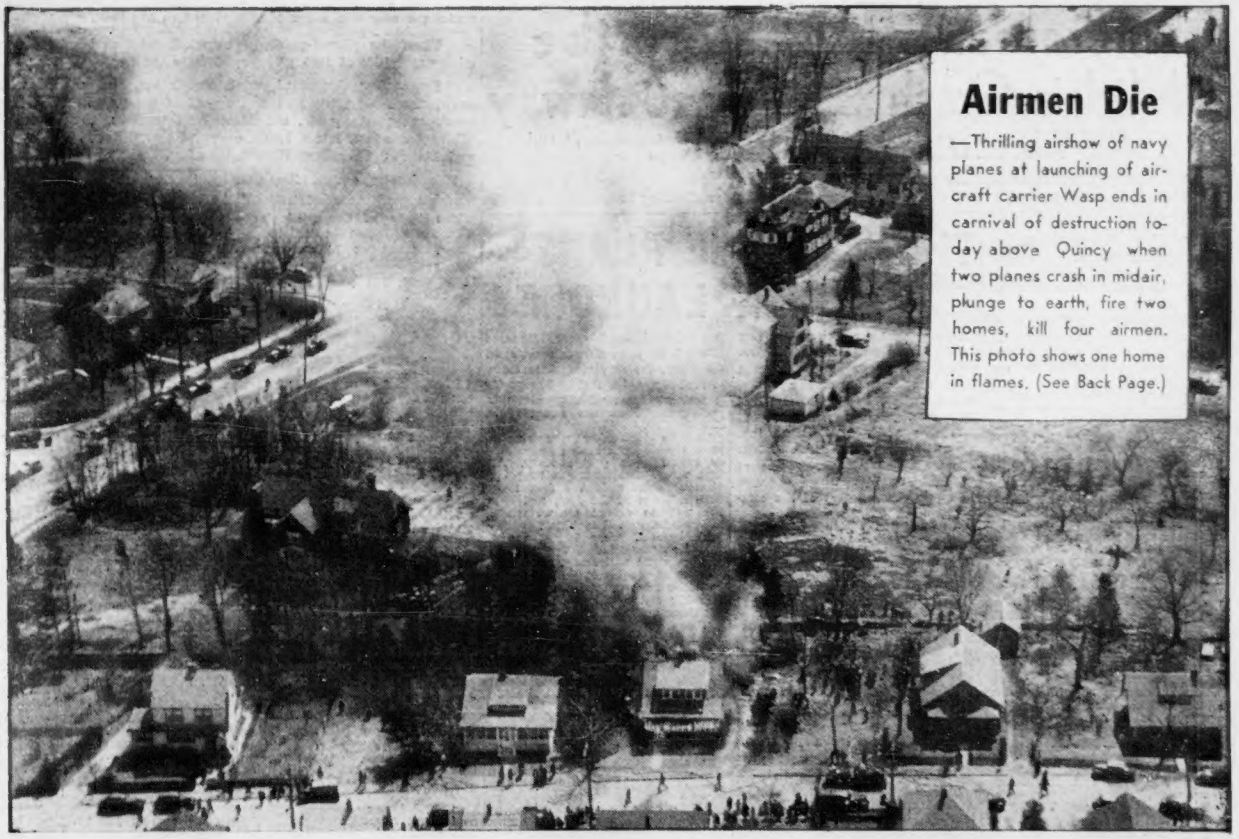
4 DIE, 2 PLANES CRASH AT FORE RIVER LAUNCHING

STORY ON PAGE 2



Airmen Die

—Thrilling airshow of navy planes at launching of aircraft carrier Wasp ends in carnival of destruction today above Quincy when two planes crash in midair, plunge to earth, fire two homes, kill four airmen. This photo shows one home in flames. (See Back Page.)

(Aerial Photos by Eddie Stephan, Boston Evening American's Flying Photographer; Al Leckaheid, pilot, in an E. W. Wiggins airplane, East Boston Airport.)

NAVY PLANES COLLIDE, KILLING 4; 2 E. BRAINTREE HOMES SET AFIRE

PLANES CRASH . . . HOMES FIRED—Tragedy casts smoke pall over gala launching of aircraft carrier Wasp as two planes collide in air show, firing two houses, one of which is shown above.

(Photo by Eddie Stephan, American Staff Photographer; Al Leckshеid, pilot; E. W. Wiggins airplane, East Boston Airport)

Four Navy fliers were killed today during launching ceremonies at Fore River when two Navy planes collided in mid-air, and then crashed from a height of 3000 feet.

One plane struck two houses in Edgemont road, East Braintree, setting itself and one of the houses afire.

The second ship struck a house in Shepard avenue, East Braintree, and set this house on fire.

The plane victims were:

LIEUTENANT-COMMANDER WALDO BROWN, 39, of 307 Adams street, Milton, war flier and millionaire sportsman.

AVIATION CHIEF CARPENTER'S MATE WALTER KIRK, 38, of 144 Arlington street, Quincy, flying with Brown.

AVIATION CADET ELLSWORTH BENSON, 23, of 11 Dickerman road, Newton Highlands, pilot of No. 2 plane.

AVIATION CHIEF MACHINIST'S MATE JOHN R. AUSIELLO, 39, of 370 Beach street, Revere, with Benson.

The tragedy, witnessed by the thousands gathered at the Fore River plant of the Bethlehem Shipbuilding Corporation to watch the launching of the Navy airplane carrier Wasp, occurred about a quarter hour after the huge vessel had slid down the ways.

Six Navy planes, in two formations of three each, were wheeling about the sky at aproximately 6000 feet, when the second formation nosed down in a power dive.

They had reached about the 3000-foot level when horrified watchers saw the wings of two of the divers lock.

Then the planes suddenly bounded apart and splinters of wings and bits of fusilage sprayed from the damaged ships.

Screaming downward, with motor apparently still wide open, the first plane struck the roof of a house in Edgemont road, occupied by Mr. and Mrs. Herbert Bess, then caromed off and crashed into a house occupied by William Madden, 75, and his daughter, Mrs. Marion Gormley.

The house caught fire and Madden suffered a heart attack.

The body of Carpenter's Mate Kirk was found in the burned plane. That of Lieutenant-Commander Brown, his pilot, was found in a field, 200 yards away from the house.

Brown apparently had bailed out of the falling plane at low altitude. His body was found plunged nearly two feet into the ground, his parachute partly opened and partly covering him.

Plane No. 2 spun and dived down to strike the home of Ansel Bjornson in Shepard avenue, after barely clearing a house across the street.

As the plane tore into the Bjohnson house, striking the edge of the roof at one side, there was a loud explosion, and plane and house burst into flames.

BODIES FOUND IN PLANE

Windows in other homes in the area were shattered by force of the explosion.

The bodies of Cadet Benson and Machinist's Mate Ausiello were found still in their seats in this ship.

Firemen were called to extinguish both fire, and within a short time after the tragedy, navy officers ar-

Cameraman, Pilot Describe Midair Crash 300 Feet Away

By EDDIE STEPHAN, Boston Evening American "Flying Photographer," and PILOT AL LECKSHEID, E. W. Wiggins Airways

Those navy planes came together scarcely 300 feet from us.

We had made one set of pictures of the Wasp launching and were climbing to get more altitude for some more camera shots.

A squadron of navy planes had been circling high up, in formation.

All of a sudden, three of them dropped in fast power dives, apparently intending to swoop down close above the Wasp.

When two of the diving planes were above us and just to our right, it looked as if their wing tips locked.

We could tell it was a crash. Wreckage flew and parts of the fuselages began falling.

Then the two planes pulled apart. They went down like falling leaves, but later roared into power dives. They seemed to be trying to straighten out, but they couldn't. They were too low.

More wreckage was falling. One of the navy pilots started climbing out of his seat. Probably he hoped to bail. It wasn't any use, though.

The plane that was first to hit was headed right for a house. We saw a woman come out on the piazza and wave her arms.

Just then, the plane hit a roof, either the woman's house or one near it. The plane went right out of sight, apparently into the house.

Then there was a puff of smoke and the house seemed to be afire.

A few seconds later the other plane—the one I'd seen the pilot trying to jump from—also crashed into a house.

There was apparently an explosion and smoke and fire mushroomed up.

It was a pretty awful thing to watch. We had no way of knowing how many were killed.

We were pretty lucky we didn't get caught in the crash ourselves.

THRONGS SEE PLANE CARRIER LAUNCHED

In a perfect weather setting and with thousands of persons as spectators, the Navy's newest fighting ship, the airplane carrier Wasp, was launched today at Fore River shipyards.

It was a $21,000,000 launching, marred by the tragic death of four Navy airplane pilots who crashed with their ships while engaged in maneuvers as part of the celebration.

Mrs. Charles Edson, wife of the Assistant Secretary of the Navy, was sponsor at the launching.

The Wasp has been under construction at Fore River for three years and even before her keel was laid the famous shipbuilding yard began to prepare for her launching.

As the work of constructing the huge craft progressed so also did the plans, the keel blocks, the hull shoring, the ground ways and the sliding ways advance—all toward making certain that nothing would go wrong in the 90 seconds while she was sliding into the water.

Two hydraulic triggers held back the ship after the last shorings and blocks had been knocked out and while the sponsor was swinging the champagne bottle against the bow.

The weight of the ship pushed against the triggers and they, in turn, pressed against cylinders containing water.

When the launching signal was given, the water in the cylinders was released, the triggers thus were allowed to drop through slots in the ways, the ship started to move toward the water and in 90 seconds it was all over, with drag chains pulling back on the vessel after she floated.

Today's launching was accompanied with more than usual secrecy regarding the ship itself. All that was announced was that the aircraft carrier is 729 feet long, with a beam of 110 feet, and that she will be driven by waterlube boilers and geared turbines.

Undisclosed were her tonnage, speed, armament and the number of planes she will carry.

Wasp is considerably shorter, but is wider in beam than the navy's two big sister-ship plane carriers, Saratoga and Lexington.

These are 895 feet over all and 105 feet in the beam.

Europe Today

LONDON—Polish and British foreign ministers discuss how to implement anti-aggression front; full Polish-British military alliance seen; Italian occupation of Albania would violate the British-Italian friendship treaty, London sources say.

ROME — Reports of Italian troop movements to ports near Albania denied.

PARIS—Turkey said to want Alexandretta, now under French mandate, as price of joining "stop Hitler" bloc but won't use force, Paris hears.

MRS. JACK (MARY LIVINGSTON) BENNY
Her Smuggled Gift Costs Hubby $10,000 Plus

Benny Guilty, Fined $10,000; Misses Jail In Smuggling

NEW YORK, April 4 (AP)—Jack Benny, noted radio and screen comedian, pleaded guilty to smuggling charges today and was fined a total of $10,000 and given a suspended sentence of one year and a day in prison. He was placed on probation for two years.

Benny was accused of smuggling $2131 worth of French jewelry into this country with the aid of Albert N. Chaperau, who was indicted with him and who previously had pleaded guilty. The jewelry was a gift by Benny to his wife, Mary Livingstone, who appears with him on the radio.

Judge Vincent Leibell ordered Benny, who paid a $256,000 income tax last year, to "stand committed" until he paid the fines, which were $5000 on one count and $2500 each on the two in the three-count indictment.

The comedian issued a statement saying he had dealt with Chaperau in the belief that there would be a "perfectly legitimate saving" in the duty on the jewelry and that he had "no intention of defrauding the government."

MEANT NO CRIME

"While I know that this is a technical violation," he added, "I had no guilty knowledge that a crime was to be committed.

"I regret most deeply that through a stupid mistake on my part, however natural and honest it may have been under the then circumstances, I have offended against the laws of the United States."

George Burns, also a famous radio and stage comedian, pleaded guilty to virtually the same charges last December 12. He was fined $5000 and given a suspended sentence of one year and a day.

Chaperau pleaded guilty to both charges and is still awaiting sentence. Both Benny and Burns purchased jewelry which Chaperau had brought into the country as an embassy attache exempt from examination by port authorities.

The government at no time contended the two comedians had actually done any smuggling.

STAR NERVOUS IN PLEA

Benny's New York attorney, Carl E. Newton, approached the bench when court convened. He addressed Judge Leibell and said:

"The defendant asks permission to change his plea."

The judge glanced down at him and at Benny, who was waiting nervously.

"Is this the defendant?" he asked.

"Yes, sir," replied Newton indicating Benny.

The comedian was wearing a natty brown suit and wine-colored tie.

"How do you plead?" asked Judge Leibell.

"Guilty," said Hollywood's famous voice in loud tones.

"To all three counts of the indictment?"

"Yes, sir."

The courtroom was packed with

State Charges Knox Shot Divorcee to Death in Quarrel

In a thronged but hushed courtroom, the Commonwealth today said it would prove that George T. Knox, then a state trooper, deliberately and maliciously murdered Mrs. Helen Darragh Dale on a Saturday afternoon in May, 1937.

It will be proved, Assistant District Attorney Edward N. Sullivan told Judge Lewis Goldberg and the jury in superior court, that the shooting climaxed a day of quarreling in Knox's apartment in Commonwealth avenue.

Mrs. Helen Dale

The jurymen and Knox, none of whom are being locked up during the trial, listened intently as the prosecutor made his charges.

The former state trooper was natty in a blue serge suit, blue shirt and blue tie.

"There are two principals in this case, the living and the dead," said Prosecutor Sullivan.

"The defendant Knox, at the time of this murder, was 36 years of age, five feet 10 inches tall

Admits Planting Bomb to Kill Man, Maim Girl

ELIZABETHTOWN, Ill., April 4 (AP)—Hardin county authorities considered solved today the mysterious dynamite blast two weeks ago that killed Earl Austin and maimed his pretty girl companion.

State's Attorney Clarence E. Soward filed a murder charge against Ira Scott, 24-year-old farmhand, after announcing Scott had confessed to fastening three sticks of dynamite to the exhaust of Austin's truck the night before the explosion at Cavein Rock.

Soward said Scott, who submitted to a lie detector test a few days ago, implicated others" in his "full confession."

Mrs. Alice Austin, 35, the victim's widow, and Theodore Simmons, 30-year-old neighbor, are in jail at Harrisburg facing murder charges. Both denied connection with Austin's death.

Miss Lacene McDowell, 22, Austin's companion the morning of the explosion, suffered loss of her left leg.

Austin was a high school student and janitor and county NYA superintendent.

PROBE STRANGLING OF PEAK-CLIMBER

COLD SPRING, N. Y., April 4 (AP)—An inquest into the strange death of a 20-year-old New York City composer, strangled in his own safety rope as he descended Breakneck mountain, was ordered today by Coroner George A. Logan.

The victim, Irving M. Feigin, a protege of Pianist Jose Iturbi, apparently became entangled in the rope yesterday as he lowered himself over a ledge.

His body dangled for two hours 800 feet above a roadway where a crowd of 1000 persons watched, helpless to aid.

The first person to reach Feigin, who came to New York four years ago from Eustis, Fla., was his companion on the mountain climbing expedition, M. Girard Bloch, 20, engineering student at the College of the City of New York.

State Police Lieutenant H. A. Gay said Bloch, a more experienced climber, told him he had reached the base of 1200-foot mountain when he heard Feigin scream.

Looking up, Bloch saw his companion swinging against the rocky projections. The rope had fastened round his neck and legs, doubling him up. His screams suddenly ceased.

Bloch climbed to the top of the ledge, but was unable to pull Feigin up. Two men summoned by his calls for help later lowered him to the body, which Bloch untangled and helped pull up.

District Attorney John P. Donahue ordered an autopsy after Lieutenant Gay disclosed he had found a will in Feigin's pockets directing disposition of some trinkets. He declined to reveal the names of persons mentioned in it or to discuss its contents.

Gold Fish Have Last Laugh on This Gulper

LANCASTER, Pa., April 4 (AP)—A Franklin & Marshall College athlete, who swallowed six live goldfish two weeks ago, was in a hospital today for observation.

Physicians said George Raab, wrestler, had been complaining of intestinal trouble but they would not comment on whether the swallowing of the fish caused it.

Judge Fixes Hines Bail at $35,000

NEW YORK, April 4 (AP)—Supreme Court Justice Peter Schmuck today granted a certificate of reasonable doubt in the conviction of James J. Hines as the political protector of the Dutch Schultz policy racket mob.

The certificate entitles the former Tammany leader, who has been in the Tombs prison since March 23, to release on bail pending appeal. The court fixed bail at $35,000.

Stocks Topple Here, Abroad

NEW YORK, April 4 (AP)—Many stocks dropped $1 to $5 a share to the lowest levels of the year in Wall Street today under a heavy wave of selling following declines in London, Paris and Amsterdam.

Quentin Roosevelt Hops to Shanghai

OYSTER BAY, N. Y., April 4 (INS)—Word had been received by Colonel and Mrs. Theodore Roosevelt today that their son, Quentin, 21, a Harvard student, has reached Shanghai by airplane from Japan preparatory to starting for the China interior on an expedition for the Boston Museum.

ALL'S WELL—Alice Faye, above, spiked rumors her marriage to Tony Martin, also a filmster, was heading for the rocks by leaving Hollywood for New York and a visit with him.

CITY HOSPITAL HEAD DENIES SECOND BABY FEE DEMANDED

Vigorous denial that poor mothers are told they must pay a fee to have a second baby at Boston City Hospital came today from Dr James W. Manary, superintendent.

"It is wholly untrue," said Dr. Manary. "Poor people, unable to pay, are never charged a fee under any circumstances. Every patient, as a matter of fact, is investigated by the social service bureau of the hospital to determine whether they can pay or not.

"If they can pay, we get as much out of them as is possible. That is according to the theory under which the hospital was founded and operated. We never refuse anybody, and we admit all comers, whether they can pay or not.

"We at the hospital insist on prenatal care of expectant mothers. We have found that such care eliminates in large measure the tragic accidents that sometimes accompany childbirth. By the time a woman is ready, we have studied her case carefully, know exactly just what to expect, and conduct ourselves accordingly.

"There is never a mention of a fee unless we believe she can pay. Then we try to collect."

Doctor Manary's statement followed introduction of an order by City Council President George A. Murray yesterday, demanding that the hospital "cease the practice of asking a fee for second babies from poverty-stricken mothers." President Murray asserted families on relief were told they could have their first baby free, but that there would be a charge for those following.

Newlyweds Shot Dead

BUFFALO, N. Y., April 4 (INS)—Conflicting theories—double murder or murder and suicide—were studied by police today as they attempted to solve the fatal shooting of a Rochester man and his bride of a month in an automobile parked in a field.

The victims were George F. Lamb, 60, of Rochester, and Mrs. Grace Lamb, 45, of Buffalo. A marriage certificate found in the car revealed they were married a month ago in Bradford, Pa.

Police were puzzled by absence of powder marks normally found in suicides. Deputy Sheriff William J. Mahoney said it was possible the high-powered .30-.30 calibre rifle used in the shootings would leave no powder marks.

UAW BACKS 30-Hour Week, 40 Hours' Pay

CLEVELAND, April 4 (AP)—Formulation of a program for a 30-hour-week with 40-hour pay, under existing rates, was endorsed today by the CIO United Automobile Workers' Union.

A resolution adopted without discussion instructed officers to set up the program to apply throughout the automobile industry.

10,000 DEMAND BUDGET CUT

CARRY BANNERS IN PROTEST—Among many who staged one of the Commonwealth's greatest public demonstrations in protest on Gov. Saltonstall's $190,000,000 biennial budget are Anna McGowan and her mother, Mrs. Anna McGowan, of New Bedford.

Boston Evening American Photo

Taxpayers Stage Huge Protest on State Costs

Staging one of the Commonwealth's greatest public demonstrations in years, organized taxpayers of Massachusetts today demanded a $24,127,000 slash in Governor Saltonstall's $190,000,000 biennial budget and outlined a drastic program of state economy in 1939 and 1940.

Going far beyond expenditure cuts suggested by the governor, taxpayers' groups, gathered 10,000 strong at Mechanics hall, urged wholesale consolidation of state bureaus and sweeping reduction in appropriations for road construction, personnel and capital outlays.

Recommendations included elimination of four state teachers' colleges, distribution of $11,000,000 gas tax money to cities and towns in lieu of highway appropriations, limitation of state reimbursement to cities and towns for old age assistance to $10 monthly per person, discontinuance of automatic, so-called step rate, pay increases for state employes, and even a cut of $19,000 in the governor's allowance for office expenses.

SAYS PUBLIC AROUSED

Norman MacDonald, executive secretary of the Massachusetts Federation of Taxpayers' Associations, told the huge assembly:

"Soaring public expenditures are impoverishing our people and bringing some of our cities to the brink of ruin.

"This is not a circus day for the men and women gathered here. Instead this is the day that those who came here have set aside to demonstrate their faith in democracy.

"They have left their homes and their occupations to tell you, with all the calmness that comes of desperation, that they have been driven to the end of the road."

Occasion of the big Mechanics hall meeting was a public hearing on the state budget before the legislature's joint ways and means committee.

Unprecedented action of the committee in holding the hearing at Mechanics building was taken at request of the taxpayers' federation, which agreed to foot all expenses.

COME BY TRAINS

Special trains and buses augmented regular transportation facilities in bringing thousands of citizens to the meeting from all sections of the state.

A heavy detail of state police kept order in the hall, assisted by

Continued on Page 9, Column 1

Federation Sees Huge Saving

Here's how the Massachusetts Federation of Taxpayers' Associations believes the state can save $24,136,000 by paring expenditures this year and next.

The following major recommendations were made at today's huge Mechanics Hall gathering by Norman MacDonald, executive secretary of the taxpayers' federation:

1—Elimination of boards and commissions, including the Labor Relations Commission, the minimum wage division, boards of registration of barbers and hairdressers, and the state racing and boxing commissions. Abandonment of four of the state's nine teachers' colleges—at Hyannis, Lowell, Framingham and Westfield.

2—A 40 per cent reduction in request of $1,000,000 a year for capital outlays.

3—Economies in state fiscal affairs through methods asked by 1938 recess commission on taxation and public expenditures; 1939 saving, $200,000; 1940 saving, $1,525,000.

4—Limiting state old age assistance to $10 per case per month, two-thirds of federal reimbursement; 1940 saving, $1,000,000.

5—No hiring, no promotions except on essential vacancies, no new positions; 1939 saving, $195,000; 1940 saving, $705,000.

6—Reduction of mileage to state employes using own cars, from six cents to four and one-half cents a mile, and rigid control of 1000 state-owned cars; 1939 saving, $215,000; 1940 saving, $425,000.

7—Closing Boston Psychopathic Hospital, transferring functions to other state hospitals; 1939 saving, $60,000; 1940 saving, $240,000.

8—Eliminating unnecessary employes in off-year when legislature is not in session; 1940 saving, $73,000.

9—Reducing appropriation for town and county aid roads because of $11,000,000 in gas tax revenue to be distributed to cities and towns; annual saving, $2,500,000.

10—Reducing appropriation for state highway maintenance; annual saving, $1,150,000.

11—Reducing aid to towns (because of increased distribution of gasoline tax funds); annual saving, $475,000.

12—Reducing fund reserved for state highway appropriations; 1939 saving, $2,353,000; 1940 saving, $2,049,000.

5 R. I. Nuns Flee As Print-Shop Burns

NORTH PROVIDENCE, R. I., April 4 (AP)—Five nuns of the Order of the Franciscan Missionaries of Mary fled to safety this morning when flames gutted the print shop building of the mother house of the order in this country.

Firemen prevented spread to a nearby infirmary where two sisters lay ill.

Francis J. Kiernan, former state racing commissioner and a member of a volunteer fire company, received a severe leg injury when a hose coupling burst and struck him.

GIRL'S HARD LIFE BLAMED FOR LEAP

Pretty Evangeline Pitarys, 19, of Nashua, N. H., battled in City Hospital today for life—a life which police said she tried to lose in a 62-foot jump from Dover street bridge into Fort Point Channel.

Even while Albert Cleary of West Sixth street, South Boston, her 17-year-old rescuer, dragged her to shore through 200 feet of water she fought him and cried for death, police said, because she was tired of the drudgery of doing housework for a family of 11.

Though she refused to tell her name or give any reason for her plunge, the girl was identified by police through reports from Nashua that a young woman of her description had been missing for a week.

LEFT HOME BEFORE

Several times before, according to police, the dark-eyed girl had left home after declaring she could no longer stand the toil of housekeeping duties.

Her father, James Pitarys, is an invalid, and her mother is forced to work in a factory, leaving the burden of caring for eight other children to the daughter.

Nashua authorities reported that Evangeline had told friends:

"I just can't stay inside all the time and do all the housework."

Spectators said the girl appeared nervous and upset as she paced on the Dover street bridge before her leap.

Young Cleary did not stop to remove any clothing before he jumped over the rail and dropped into the water beside her.

"It was quite a drop," Cleary said later, "but I didn't mind that—and the water was cold, but that was nothing—but the girl—

FOUGHT RESCUER

"She kept hitting at me and fighting to get away, and kept screaming 'Let me drown. I want to drown. Don't bother me'."

After a struggle, which exhausted them both, Cleary at last overcame her, seized her by the hair and swimming with one hand towed her more than 200 feet to shore.

There, John F. Kelleher, driver, and Louis Rosenfield, male nurse, passing in a city hospital ambulance and seeing the struggling pair, were waiting to help Cleary from the water with his burden.

Human Torch Child Home With New Skin

BROCKTON, April 4—Back home at last, little Lorraine Stonkus, five, played host to playmates today for the first time since doctors grafted 48 pieces of skin to her burn-scarred body.

And she still talked about her Christmas present from "mummy"—48 pieces of skin taken from her mother, Mrs. Vera Stonkus, and grafted on the child's thigh.

Later, doctors discovered the need for more skin to cover the seared flesh, and in two operations 30 pieces taken from her own body were grafted over the burns.

Although Vera is home to stay, she will receive treatment twice a week and will be visited daily by a nurse from the Bellevue Hospital, where she was confined for six months.

The girl, who captured the hearts of the hospital attendants by her bravery, was forced to undergo each operation without ether, because of the deteriorating effect the anesthetic produced on her skin.

At the time of the first operation, mother and daughter lay side by side, hands clasped, while doctors removed the life-giving flesh from mother to daughter.

Lorraine was critically burned last September when a boy playmate accidentally touched a match to her clothes as she played near her Bellevue, avenue home.

Filmed Patient Sues Doctor

LOS ANGELES, April 4 (INS)—Motion pictures of an operation being performed upon her were taken without her consent, Mrs. Olive Anthony charges in a suit for $75,000 which went on trial here today.

Mrs. Anthony's motion picture experience occurred while she was under an anesthetic, she says in a complaint directed against Dr. William L. Weber, her physician.

The films were afterward printed and exhibited and caused her mortification and humiliation, Mrs. Anthony charges. She alleges the taking and exhibiting of the film was an invasion of her right of privacy.

ALL U. S. WATCHES CHICAGO POLLING

CHICAGO, April 4 (AP)—Bright skies drew out a heavy early vote today in Chicago's mayoralty race between Mayor Edward J. Kelly, Democrat, and Dwight H. Green, his young Republican challenger.

An election board survey indicated 441,408 votes had been cast in the first two hours, surpassing by 115,000 the vote indicated for the same period at the primary.

Early balloting was comparatively quiet, with only 40 complaints of fraud received during the first three hours.

A fistfight was reported from one precinct; a precinct captain reported he saw 100 ballots in the box ten minutes before the poll opened; a precinct captain was reported giving out dollar bills to voters in a back room of a polling place.

Prepared to interpret the election in national terms, party leaders from outside the state awaited the result as the first sample of how far the Republicans may expect to get in the 1940 campaigns for Congress and the presidency.

Another victory for the 62-year-old mayor, in office since 1933, would be regarded by Illinois Democrats as a sure sign that the state, with its 29 electoral votes, will stay in the Democratic column next year.

Wendell Budget Cut 'Saves Town'

WENDELL, April 4—Vigorously slashing the proposed $20,000 budget to $12,915, selectmen today felt they had averted the threat of complete economic collapse of this community, and the possibility it would become a "ghost town." The rate as indicated will be $40 on each $1000. Under the proposed budget, it would have been $100.

'Like Father, Like Son,' Even to Birth Hour

FALMOUTH, April 4—"Like father, like son" applies so completely to John Peterson and his offspring that folks here expect the youngster will undoubtedly grow up to be a boxer, like his dad.

Little John, a brand-new baby, was born the same hour of the day, the same date of the month as his dad, but, of course, not the same year. A check of family records shows further that papa weighed 7½ pounds at birth, and so does sonny boy.

Father and son are doing well.

WAGE, HOUR LAW URGED

Passage of a state wages and hours act, in line with the federal law, was advanced today before the joint legislative committee on labor and industries by labor union officials.

One of the four bills before the committee was filed by Kenneth I. Taylor, legislative agent for the Massachusetts State Federation of Labor.

Among those present was former Governor Joseph B. Ely, who has been retained to speak against establishment of such an act.

"Passage of this legislation will result in increased purchasing power by raising wages and will also have a definite tendency to spread employment," said Taylor. "If we reduce the work week of men now employed, 56 hours a week to 42 it will help solve the unemployment problem."

Ex-Governor Ely was denied permission to question Taylor.

Fallon Shifts 16 Hub Sleuths

Shifts of 16 detectives of the Boston police were announced by Acting Commissioner Edward W. Fallon today.

William J. Bonner, veteran of the holdup squad, was shifted to hotels, with Joseph Decker; Stanley Slack and William J. Crowley, from hotels to general investigations; Louis Pinkofsky, from pickpockets to automobiles; Francis J. Heiler, from Back Bay to pickpockets.

Michael O'Brien, former confidential aide to Police Commissioner Timilty, was assigned to the vice squad, with Gaetano Di Giacomo, under command of Sergeant John J. O'Keefe.

Francis W. Russell and Francis J. O'Connor were transferred from Roxbury to headquarters and Leo O'Neil and Joseph L. McGovern, to holdups.

The new drug squad is headed by Lieutenant Frank Sliney, with Detectives Francis L. Sweeney, John J. Casey and Michael O'Brien in his command.

12 Appointed As WPA Probers

WASHINGTON, April 4 (AP)—The House appropriations committee selected a 12-man sub-committee today to make the "thorough investigation" recently ordered by the House of the Works Progress Administration.

Chairman Taylor (D.) of Colorado said the same sub-committee on deficiency appropriation which had handled all relief bills would make the inquiry. Taylor said he would follow his usual practice of delegating much of the detailed work to Representative Woodrum (D.) of Virginia, leader of the House economy bloc.

Members of the sub-committee, in addition to Taylor and Woodrum are: Representatives Cannon (D., Mo.), Ludlow (D., Ind.), Thomas S. McMillan (D., S. C.), Snyder (D., Pa.), O'Neal (D., Ky.), Johnson (D., W. Va.), Taber (R., N. Y.), Wigglesworth (R., Mass.), Labertson (R., Kan.) and Ditter (R., Pa.).

10 Flee $20,000 Fire in Pawtucket

Pawtucket, R. I., April 4—Ten persons fled for their lives today in a general alarm fire which swept a six-tenement building in Carver street, causing damage estimated at $20,000.

MAN LOSES EAR IN BLAST

James Sweeney, 23, of Morton street, Dorchester, lost his left ear today when a carbonic gas tank exploded on a truck beside which he was standing in Stuart street, Back Bay.

A short time after Sweeney had been taken to City Hospital, suffering also from shock, a taxicab driver arrived at the hospital and delivered the severed ear to surgeons.

The doctors said, however, the condition of the ear made it impossible to sew it back on Sweeney.

The injured man, driver of the truck, was standing on the sidewalk in the block between Arlington and Berkeley streets when the tank exploded.

The carbonic gas tank, used in soda water, carried a pressure of 150 pounds.

Sweeney was thrown to the ground, and a woman passerby, Mrs. Margaret T. Callahan of Bay State avenue, Somerville, fainted. She was taken into a nearby store and revived.

Navy Planes Collide 3000 Feet Up at Fore River Service; 4 Die

Continued from Page 2

rived at both scenes and took charge.

The mid-air collision was observed, among others, by Assistant Secretary of the Navy Charles Edison and by his wife, who had just christened the airplane carrier.

They could not see the actual ground crashes, however, because hills and buildings shut off the view across the line into East Braintree.

FOILED DEATH ONCE

Edison kept in touch with developments, however, through police radio in Quincy.

The two death ships had taken off from the navy aviation field at Squantum less than half an hour before the scheduled 11 a. m. ship launching.

Nearly a dozen commercial planes were also in the air above the launching, many of them carrying newspaper photographers, and one commercial plane was but 300 feet away when the planes fell.

Nearly 11 years ago, Ausiello escaped a flying death when he and Naval Lieutenant Roger B. Fiske were rescued after their plane from Squantum plunged into the sea a mile from Pemberton.

William J. Coughlan of Brookline and Bayside, since killed in an automobile crash, raced out to the fliers in a speedboat, with two companions, and took them aboard.

For the rescue, Coughlan, Charles McMorrow and Lester Glawson received hero medals.

CDT. ELLSWORTH BENSON

LT.-CDR. WALDO BROWN

Crash Victims

Milton Victim of Crash Wealthy, Father of 5

Wealthy and socially prominent Lieutenant-Commander Waldo Hayward Brown of Milton, naval reserve flier killed at today's Fore River launching, began his career as a World War pilot.

After the war, he was for some time New England district manager of Colonial Air Transport, Inc.

From page society news of the early 1920's was his marriage to Frances M. Gray, daughter of Paul Gray, multi-millionaire Detroit auto manufacturer.

DAUGHTER DEBUTANTE

She was named several years ago as "Boston's best dressed woman."

Their daughter, Ann Hayward Brown, eldest of five children, made her bow to Boston society in November, 1937.

Her "Tyrolean Village" coming out party at the Somerset hotel was No. 1 social event of the season. John Roosevelt and his then fiance, now his wife, the former Anne Lindsay Clark of Nahant, were among the guests.

YOUNGEST CHILD INFANT

Youngest of the Brown children was born in January of this year.

The Brown home is in Adams street, Milton.

Lieut.-Commander Brown was born in Salem, June 27, 1896.

He was graduated from Phillips Andover Academy, and at the time the United States declared war on Germany he was studying aeronautical engineering and naval architecture at Massachusetts Institute of Technology.

WON WAR WINGS

He volunteered immediately as a naval aviation cadet, winning his wings at Key West, Fla., training school.

He was one of the first 500 navy fliers commissioned.

Assigned to patrol duty off the Massachusetts coast, he distinguished himself by attacking and driving off a German submarine which appeared off Orleans and started to shell two American coal ships.

A social registerite and a member of Boston's most exclusive clubs, he entered the bond business after the war, finding time also for his work in commercial aviation and his own private flying.

He owned a private plane, built to his own plans.

An enthusiastic yachtsman, he also designed his own sailing craft.

He was a member of the Eastern Yacht club, the St. Botolph club, the Union Boat club, the Tennis and Racquet club and the University club.

Editor Tells Of Air Crash

Steve Demady, managing editor of the Southbridge, Mass., News, saw the plane tragedy from the deck of the Panama railroad liner Panama, under construction at Fore River.

By STEVE DEMADY

We first noticed the planes in the air. I counted 12 altogether. It appeared six were Navy planes and six private planes.

The sun was directly in our eyes and it was quite difficult to see the exact maneuvers but several of us remarked how close the planes were flying.

BURST INTO FLAMES

They made circle after circle. It appeared at one time that they were trying to make the letter "U." Finally, one plane, flying formation, clipped the wing of a second.

We saw small pieces falling from the planes and almost immediately the plane went into a nose dive.

There was a burst of flame from the rear of the plane, and then practically the whole plane fell to pieces in the air. It looked as if one half the wing fell off at one time. The pilot apparently attempted to bail out but the parachute did not open.

The second plane seemed to straighten out all right. A cloud of smoke arose from the area in which the first plane fell. Then, just as we were remarking about the tragedy taht had occurred, the second plane dived straight down—a nose dive.

FLANES DIP LOW

From the cloud of smoke that arose almost immediately, we realized that the second plane had dropped in the residential section of East Braintree.

The smoke continued for some time and the four remaining navy planes, as if in tribute to their comrades, dipped low through the dense clouds of smoke.

Then the four planes disappeared in the same direction where six had come a short time before.

VERMONT FEARS FLOOD

ST. ALBANS, Vt., April 4—Fear of floods revived today as a result of a 12-inch snowfall in the mountain country and the breakup of ice in the northern part of Lake Champlain.

Tippler Falls Dead Under Police Quiz

PROVIDENCE, April 4—Peter Callahan, 62, of Lippitt street, collapsed and died in police headquarters today while being questioned by a sergeant. Medical Examiner Charles Ashworth will hold an autopsy.

Police said the man was being questioned about nothing more serious than excessive drinking and would have been permitted to go later today.

Braintree Woman Tells How Plane Hit Neighbor's Home

By MRS. JAMES SHAW

One of the navy planes that fell just missed my home at 21 Edgemont road, Braintree.

I was in the kitchen doing my housework. I'd heard a lot of planes roaring back and forth all day, but this one sounded so loud and near I ran out to look.

I ran out on my piazza and I was sure the plane was going to come right down on me. I guess I screamed. I know I kept motioning, trying to wave the pilot off.

That was silly, of course. It was too late to stop the crash.

But the plane didn't hit my house. It missed my roof by inches.

It was out of my sight for a minute, then I saw it half circle and hit Mrs. Madden's house, diagonally across the street.

One of the wings came off and went right into the Madden house.

Then part of a plane with the engine in it came down in back of another house. There wasn't any chance for whoever was in that plane.

It was terrible to see. I almost fainted.

Death Dive Described

By FRANCIS O'BRIEN

Cedar Cliff Road, East Braintree

The ship seemed to plunge as if in a power dive for about 2000 feet, then it began to spin. It appeared as though the pilot was just stunting, but suddenly the right wing dropped off the ship, then I knew a crash would follow.

When the dive started I happened to be looking at the two ships that came down almost together. I think the one that started the plunge struck the right wing of the second plane.

I would guess the ship that plunged first, the one I thought was being stunted, was up about 6000 feet. He started down at terrrific speed. Then he started to go around and around. I still thought it was a stunt.

He must have dropped about 2000 feet and he seemed to be passing the other ship, which was about that distance below him, when the right wing came off.

I saw a fellow come up out of the second ship when it was about 300 or 400 feet above the ground and he leaped out. His parachute didn't open and he plunged out of sight among some trees just after the two ships also disappeared behind the trees.

Pilot Saw Planes 'Bounce'

By PILOT LEEMAN HITSON

Commercial Flier, Boston Airport

There we were, a thousand feet up, making pictures of the launching of the Wasp at the Fore River yards. Glen Gibbons was with me, a photographer. Then it happened.

It's one of those things that pilots dream about but seldom see.

There were Navy planes, flying in formation, two of them close together. All of a sudden they bounced apart—they must have hit each other way up around 3000 feet—and they both started to fall.

The first plane went into a spin from which it never recovered. The other simply seemed to stall. Both were falling. We watched, hoping they would come out of it. Neither did.

The first plane crashed into a house, far below us—we were up about a thousand feet—and burst into flames. The second plummeted down and hit the ground about 400 yards from the first. It, too, burst into flames.

Newton Cadet Dies in Crash

Aviation Cadet Ellsworth Benson, killed in today's naval plane crash at the Fore River launching ceremony, was the son of Mrs. Elmer Benson, teacher at Albert E. Angier School, Waban.

She was conducting her classes today when word of the tragedy was given her.

The Benson home is in Dickerman road, Newton Highlands. Cadet Benson's father, who died several years ago, was a government employe.

THRONGS IN BUDGET PROTEST

Continued from Page 5

70 Boston patrolmen, four sergeants and two lieutenants, who toiled to keep traffic untangled and pedestrian passageways clear.

A plain clothes squad under Deputy Superintendent of Police James R. Claflin also guarded the assembled taxpayers and legislators against pickpockets.

State Senator Arthur W. Hollis of Newton and Representative Albert F. Bigelow of Brookline presided as joint chairmen of the ways and means committee.

Secretary MacDonald of the taxpayers' federation was chief spokesman for his organization, but a long list of speakers awaited their turn to be heard. They represented local taxpayers' groups and also included scores of mayors and chairmen of selectmen.

MacDonald announced the big gathering was "patterned after Massachusetts demonstrations in Colonial days, when patriots here rose against unjust and unendurable tax burdens."

The proposed economies, backed by the taxpayers' federation, would effect a saving of more than $24,000,000 in 1939 and 1940, MacDonald asserted.

FLAYS RACING BOARD

Urging "drastic" reduction in funds for the state racing commission, MacDonald contended operation of the commission has become a "public scandal."

"It has been a dumping ground for political spoilsmen since its creation," he charged.

He advocated consolidation of the racing commission with the state boxing commission.

On behalf of the taxpayers' federation, MacDonald demanded elimination of the state barbers' and hairdressers' registration boards.

This would effect a saving of $115,867, he said, and would return to local health departments functions which were properly theirs before the boards were established.

The fee system which, theoretically, make the state registration boards self-supporting, are merely a "hidden" tax, saddled, eventually, on the public, MacDonald argued.

WOULD CLOSE COLLEGES

Agreeing with Governor Saltonstall that four of the seven state teachers' colleges should be closed, MacDonald differed with the governor on which ones should go.

He suggested elimination of the Lowell college instead of the one at North Adams. The latter has had a good record of placements for its graduates and serves the western section of the state acceptably, MacDonald said.

He took sharp exception to an alleged administration claim that Governor Saltonstall needs additional office help to "handle a large correspondence with those who would go on the public payroll."

"I submit to you that it is no part of the obligation of his excellency to conduct a state employment office," MacDonald said.

He outlined the taxpayers' federation's plan for consolidation of the state planning board, the Massachusetts industrial and development commission, the public welfare planning division, the state board of housing and the Metropolitan planning division.

This would save the state $79,000 this year and $118,000 in 1940, he said.

"At the same time," MacDonald continued, **"in addition to immediate dollar saving thus secured, elimination of constant and excessive flow of expensive suggestions would result in further enormous savings."**

MacDonald also urged sharp curtailment in the personnel of the State Alcoholic Beverages Commission, to stop duplication of work done by federal and local agencies.

URGES OTHER SAVINGS

He further advocated reduction of State House police and legislative attaches in "off" years, when the Legislature is not in session.

He suggested paring of the attorney general's office budget and close restriction of personal telephone calls by all State House employes.

MacDonald said the federation estimated $1,425,000 could be saved by discontinuing automatic pay increases for state employes receiving salaries of less than $2000, and $750,000 could be saved by stopping pay boosts for those receiving more than $2000.

"We would not be here today, begging that you lighten our burden," MacDonald concluded, **"if the legislature had been willing to recognize what everyone outside the General Court has long recognized.**

"That is the certainty that our industrial cities would be wrecked and made bankrupt by the blind failure of those who govern us to recognize their plight and move to save from destruction the only source of revenue they have—real estate."

Reginald Bird, president of the taxpayers' federation, warned that organized minorities "boring away to obtain special benefits from government" are like termites eating away the foundations of a sleeping giant's house.

"The giant is the taxpayers group," Bird said. **"Now the giant is awakened. He has started to stamp on the termites. He is watching you gentlemen of the legislature to see whether we have elected just another batch of politicians or whether we have among you some statesmen."**

Declaring cities and towns of Massachusetts have seized 75,000 pieces of property for non-payment of taxes, Bird said:

"When we destroy the homes of our small home owners we destroy the greatest barrier protecting us from Bolshevism and Facism."

How Experts Urge State Slash Budget

The following table compares major items in Governor Saltonstall's biennial budget with similar items in the budget suggested today by the Massachusetts Federation of Taxpayers' Associations:

The federation urges a cut of $24,127,000 in the governor's $190,000,000 budget total. This cut—together with other suggested economies—would save the state $9,731,000 this year and $14,405,000 in 1940, a total of $24,136,000, it was claimed.

GENERAL FUND RECOMMENDATIONS

	1939	1940	Biennium
Governor's budget	$80,282,047	$81,780,940	$162,043,027
Federation recommendations	57,058,598	53,589,852	110,564,450
Federation reduction	$3,243,449	$8,231,156	$11,474,577

HIGHWAY FUND RECOMMENDATIONS

Governor's budget	$23,718,243	$22,200,000	$45,918,243
Federation recommendations	17,239,908	16,025,160	33,265,068
Federation reduction	$6,478,335	$6,174,820	$12,653,155

GENERAL AND HIGHWAY FUND RECOMMENDATIONS

Governor's budget	$84,000,290	$83,960,980	$167,961,270
Federation recommendations	74,278,506	69,555,032	143,833,538
Federation reduction	$9,721,784	$14,405,948	$24,127,732

The federation did not include in the comparison of the total recommended appropriations the amounts proposed for distribution to cities and towns from the gasoline tax-raised highway fund.

(Governor Saltonstall has amended his original budget, suggesting economies totaling approximately $3,500,000 and increase of the proposed distribution of gasoline tax funds to cities and towns for local road projects from $5,000,000 to $10,000,000.)

VATICAN PLANS FOR AIR RAIDS

VATICAN CITY, April 4 (AP)—A Vatican news service disclosed today that Vatican authorities were studying means of protecting Pope Pius XII and his aids in the event of air raids.

Prelates suggested that an inner room of the great tower of Pope Nicholas V, (A. D. 1447-1455) could be used as a refuge for the Pontiff in time of danger.

TOWER GUARDS TREASURE

This tower has a metal-encased room built to safeguard church treasures and rare documents.

The news service said that Vatican authorities also were in agreement with the governor of Rome for darkening Vatican City along with Rome during air raid drills expected soon.

Two officials, the service added, also discussed some time ago the possibility of having persons in Vatican City provided with gas masks.

Roosevelt Signs U. S. Defense Act

WARM SPRINGS, Ga., April 4 (INS)—President Roosevelt dashed his signature on the national defense act of 1939 here at Warm Springs and today the rest of the world had further proof that the United States was arming for a tight "hemispherical defense" against any possible European invasion of North, Central or South America.

The President apparently timed his signature of the measure which raises army air strength to 6000 planes and increases Panama Canal defenses to coincide with developments abroad.

VICTIM — Wanda Dworecki, 17-year-old daughter of Camden, N. J., Polish pastor, who was dragged into car by two men, driven outside the city and flung to the road.

'LEAVE ALBANIA ALONE,' BRITAIN WARNS ITALIANS

LONDON, April 4 (AP)—Unconfirmed reports that Italy planned to send troops to occupy Albania brought a British hint today that such action would violate the British-Italian friendship agreement.

Informed quarters indicated that the British government, while not planning to fight Italy over Albania, would expect to be consulted over any disturbance of the status quo regarding national sovereignties in the Mediterranean area.

The British view was expressed as Viscount Halifax, British foreign secretary, and Colonel Joseph Beck, Polish foreign minister, concluded the first of talks designed to cement Poland into a European front against further German expansion.

TALKS WITH POLES HINTED

War Minister Hore-Belisha indicated in reply to House of Commons questions that British military chiefs might have general staff talks with Polish officers.

It was understood that the British ambassador to Rome, the Earl of Perth, had been instructed to seek clarification of reports of Italian troop movements from Foreign Secretary Count Ciano.

It was emphasized in British quarters that a request from Albania herself might have led Italy to prepare to take action.

There was a possibility, British quarters said, that Albania had asked Italy to establish a protectorate over that country to enable Premier Mussolini to develop more fully Albania's natural resources. Italy was expected to welcome such an opportunity to establish herself on the Balkan mainland.

PERIL GREECE, TURKEY

A British official spokesman stressed that the foreign office was unable officially to confirm reports that Italy had massed troops around Brindisi preparatory to shipping them to Albania, which long has been under virtual Italian domination.

The British-Italian agreement, which was concluded April 16 and signed Nov. 16, carried a provision for maintenance of the status quo "as regards national sovereignties in the Mediterranean area."

Outright Italian annexation of Albania might imperil particularly Greece and Turkey.

While Britain opened conversations with Beck, United States Ambassador Joseph P. Kennedy and Mrs. Kennedy lunched with Prime Minister and Mrs. Chamberlain at 10 Downing street.

KENNEDY TO SEE BECK

Kennedy will have an opportunity to talk with Beck tomorrow.

The Polish foreign minister was reported to have told Lord Halifax Poland considered it a "moral obligation" to make Britain's guarantee of Polish independence reciprocal.

British-Polish economic co-operation, British credits for Polish armament, and the question of supply of war materiale to Poland also were said to have been discussed.

Italy Says Albania Seeks New Ties

ROME, April 4 (AP)—An Italian government radio station announced today that negotiations were under way for the strengthening of the 1927 defensive alliance between Italy and Albania.

The station at Bari broadcast that at the request of the King of Albania conversations were under way.

BRITISH ENVOY SLAIN AS IRAQ KING DIES

MOSUL, Iraq, April 4 (AP)—G. E. A. C. Monck-Mason, British consul at Mosul, was assassinated at noon today by a mob which rushed on the consulate and burned it.

Martial law was declared and order was restored four hours after the assassination.

The reason for the outbreak was not at once made clear.

It occurred during frenzied mourning for young King Ghazi, who was killed in an automobile accident a few hours earlier in Bagdad.

The 27-year-old monarch was returning to the palace about midnight when he lost control of the car and crashed into an electric light pole.

Ghazi's four-year-old son, Crown Prince Feisal, promptly was proclaimed king but will rule under a regency headed by Emir Il Ah, brother-in-law and cousin of the late king.

Ghazi acquired a liking for motoring during his three-year stay in England as a student at Harrow, one of the most aristocratic of Britain's "public schools." He liked to drive fast.

The king succeeded to the throne September 8, 1933, after Feisal's death of a heart attack at Berne, Switzerland.

Ghazi married his cousin, Princess Aliyah, daughter of the late King Ali of Hejaz, a week after his coronation. Crown Prince Feisal was born May 2, 1935.

Iraq was freed from the Turks during the World War

SYMBOL — Amidst the mud and carnage of Japan's invasion of China a pigeon, the proverbial dove of peace, perches himself on a rifle carried by a Jap soldier and seemingly asks: "What's all this about?"

U. S. Orders Speed On 3000 War Planes

WASHINGTON, April 4 (AP)—Geared to wartime speed, the army is ready to start factories producing the 3000 new warplanes and other munitions authorized in the $358,000,000 expansion bill just signed by President Roosevelt.

Assistant Secretary Louis Johnson said today that contracts with numerous manufacturers would be completed just as soon as the first funds become available.

In the interest of speed, the army's entire procurement system has been streamlined.

$552,000,000 PROGRAM

The bill which the President signed at Warm Springs, Ga., provided authorization for major phases of the $552,000,000 defense program. The actual money must be made available in separate legislation, now before the Senate after passing the House virtually without opposition.

The first planes ordered, officials said, will be giant four-motor bombers such as the existing 20-ton "flying fortresses," probably several hundred modern attack bombers, able to speed some six miles a minute, and even faster pursuit planes. The exact numbers of each type are confidential.

A start will be deferred on planes to be used in training 20,000 college students annually as pilots.

13 EXPERIMENTAL SHIPS

Included in the initial contracts is expected to be an experimental order for 13 two-motor pursuit ships similar to the army's newest which crashed at Mitchell Field, L. I., after hitting 420 miles an hour in a record-cracking dash across the continent.

All the aircraft and about 75 per cent of the artillery, ammunition, tanks, rifles and other munitions are to be turned out by commercial plants.

It was to gear these to wartime speed that Congress permitted new liberality in War Department contracts, without, however, abandoning the requirement of competitive bidding.

Daladier Issue In Election

PARIS, April 4 (AP)—Announcement that President Lebrun would stand for re-election at tomorrow's national assembly has turned a lukewarm presidential campaign into a hot battle for a decisive majority, with Premier Daladier's prestige at stake.

Although the re-election of Lebrun seemed as assured as anything ever is in French politics, there was the question of how large a majority he would command on the first ballot of the Senate and Chamber of Deputies in joint session.

The government sought to make his re-election a demonstration of French national unity in a time of international crisis.

Turks Bid For Grab In Syria

PARIS, April 4 (AP)—Turkey was reported today to have informed France she would annex the semi-independent district of Alexandretta in northern Syria as her price for supporting the "Stop Hitler" bloc.

The conservative newspaper Le Figuaro said a Turkish army of 60,000 men was waiting on the frontier to march into the district after a vote of the Turkish-controlled Alexandretta parliament calls them in.

Le Figuaro said the occupation may take place today.

Le Figuaro, in its account, asked whether Premier Daladier, who has frequently said France would not cede an inch of her territory, included Syria and Alexandretta as part of the French Empire.

SOVIET SENDS AID TO POLAND

WARSAW, April 4 (AP)—Raw materials to feed Poland's busy arsenals poured into the country today from Soviet Russia. Travelers reported passenger trains were delayed in leaving Soviet frontier stations by long freight trains laden down with manganese, phosphates, cotton and other Soviet products vital to Poland's war industries.

Despite denials from Moscow, well-informed sources declared Soviet Russia had promised she would send warplanes and war supplies to Poland if war should come with Nazi Germany.

(Tass, the Soviet official news agency, issued an unusual communique last night saying:

"This report does not correspond with the facts as the Soviet Union neither gave anyone such promises nor undertook such obligations."

(The communique said the report was published in Paris. Interest attached to the communique because the Soviet government seldom makes a formal denial of foreign newspaper reports.

Sources here who insisted upon veracity of the report said the Soviet denial may have been prompted by reported German-Soviet talks in Stockholm.

Information reaching the Polish foreign office was to the effect that Hitler's emissaries sought out Russian representatives in the Swedish capital as soon as Prime Minister Chamberlain of Britain announced last Friday his support for Poland if her independence were threatened.

Franco Police Nab Republican Chiefs

HENDAYE, France, April 4 (AP)—Spanish Nationalist reports today told of a widespread roundup by General Franco's military police of Republican leaders.

KILLED BY TRUCK

NASHUA, N. H., April 4—Henry Siesicki, 17, of Eastman street, was fatally injured when struck by a truck out of Tyngsboro, Mass., as he walked along the Daniel Webster Highway.

JURY TOLD KNOX SLEW IN ROW

Continued from Page 8

and weighing about 150 pounds. The victim, Helen Dale, was about 26, a slight girl five feet four inches and weighing about 111 pounds.

TELLS OF QUARRELS

Knox was a state trooper in May of 1927. Mrs. Dale had been married in 1929. Four years later she separated from her husband.

Knox became acquainted with her. They lived together off and on in the defendant's apartment.

They occupied the same bedroom. Her bags and baggage were in that bedroom. There were two beds, one occupied by Knox and the other by Helen Dale.

Coming down to May, 1927, there were frequent bitter quarrels between the defendant Knox and Helen Dale.

The night of the 23d Knox was away from his apartment. He slept in an apartment on Beacon street.

He returned to his suite at 10 o'clock morning. Helen Dale was waiting there. A bitter, violent quarrel occurred between the two and continued all that afternoon up to the time of the shooting.

Helen Dale was crying and pounding on the door. She was overheard to say [illegible] and the answer [illegible]

SHOT WAS HEARD

Then silence, shattered by the sound of the shot. Then silence again until Knox appeared down at the switchboard. Mr. Marlin, the janitor, was there.

"Get this," Knox said. "She's shot."

Dr. Hare, a tenant, and Marlin went to the suite and saw Helen Dale slumped in a chair in the living room facing the south wall.

She remained silent. So did Knox.

Police came and rushed her to the hospital. She died nine hours later.

The Commonwealth will prove that the bullet was fired by the defendant Knox.

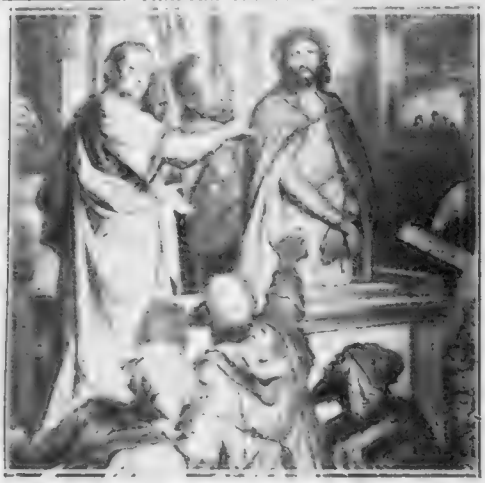
The Life of Christ

CHAPTER THIRTY-FIVE



"Behold, I bring Him forth to you, that ye may know that I find no fault in Him.—ST. JOHN XIX, 4

By COLLIN CLINE

THE PROPHETICALLY [illegible] painted 1900 years ago by Henner, a French artist, brings us to our Saviour's [illegible] this month.

Jesus had been [illegible] at the home of the high priest. At [illegible] gray light of dawn, He was led to the palace of [illegible] Governor.

"This Man," the spokesmen charged, "is perverting the people by teaching them that it is wrong to pay taxes to Caesar and by saying that He Himself is a King."

Pilate [illegible] the complaint—particularly [illegible] Rome, interrogated Jesus. But [illegible] was not of this world, he [illegible]

"Behold I bring Him forth to you, that ye may know that I find no fault in Him."

But [illegible] unmoved.

He [illegible] through all Judea, be[illegible] this place.

[illegible] Pilate. Herod Antipas, ruler [illegible] to him.

[illegible] Herod, who was greatly [illegible] The [illegible] to [illegible] of John the Baptist.

[illegible], Herod then commanded [illegible] garments, to mock Him by [illegible] him to Pilate.

[illegible] Passover festival it was [illegible]

"Whom [illegible] you? Barabbas, or Jesus which is called Christ?"

Barabbas was a [illegible] a thief, a murderer and a robber. Of [illegible] But the temple group [illegible]

"Not Jesus, but Barabbas."

At this point Pilate [illegible] to save Jesus. He [illegible] guards [illegible] which cut deeply into the flesh. When [illegible] forth a scarlet robe [illegible] Jesus. Finally, he ordered a crown [illegible] to be [illegible] firmly on the Saviour's head.

Surely he thought a [illegible] agony would appease the [illegible] for the sight of blood [illegible]

Crucify Him, Crucify Him!" the armed crowd demanded.

Angered, Pilate [illegible] Barabbas be freed and Christ led. And [illegible] toward Calvary.

TOMORROW, the story of Christ's holy life continues in the Boston Evening American. From Italy, from the studio of Domenico Mastroianni, comes a masterpiece of contemporary art to illustrate the sorrowful chapter that will be told.

25 JOBS, 6000 MEN! If there ever was any doubt [illegible] work, the question has been effectively [illegible]

MEN DO WANT WORK—even though the work be [illegible] shivering men stand[illegible] navy yard Monday in quest of [illegible] jobs proved [illegible]

The [illegible] majority of our people have *tolerated* the WPA as a means of "barely getting by." But hardly a man would care to make relief employment a *career* or lifelong activity.

Human Side of News -:- by EDWIN C. HILL

THERE IS ONE interesting [illegible] which our Worlds [illegible] the all-[illegible] pessimists [illegible], properly [illegible] a few [illegible] be the [illegible] cuisine [illegible] achieved [illegible] the 65 years [illegible] World's Fair [illegible] exposition.

MY FRIEND [illegible] Crockett [illegible] business [illegible] with Dr. H[illegible] me a [illegible] from [illegible] the [illegible] con[illegible] to [illegible] in [illegible]

"I remember," said Mr. Crockett, "the jokes in the funny papers about Uncle Josh or Cousin Ezra laboring to order a dinner in a smart, big town restaurant. Their struggles with French items of the menu provided a career for many a jokesmith, as they tried

LILY LANGTRY
Her Gilded Day Recalled

to get a half Nelson on such words as filets, filet mignon, casserole, compote, canape, puree, consommé, hors d'oeuvres, caviar, capon and demi tasse.

"Many an American, branching out for the first time, first learned about caviar at the old Waldorf bar, when they tackled the free lunch. There were lots of sword-swallowers in that first crashing phalanx of newly breasted captains of industry at the old Waldorf-Astoria.

"A bath once a week, and in a tin bathtub, was about par for the course in those days, even among some of most gilded families. some big houses boasted a better tub and a tin one in the basement. It was next to impossible to find a bathtub in a house outside the city. Most people used the washbowl or what was called a foot tub, for a whole bath.

"BEFORE the years of change, both hotels and private hostesses went in for quantity and variety rather than quality of food. Plenty of everything was the ticket. Hardly anybody ever heard of broiled chicken. If not roasted, it was always fried, usually after being rolled in a batter, often mixed with bread crumbs or cracker crumbs.

"The latter helped to make it more 'elegant.' Tomatoes were always peeled and served with a dressing of vinegar, pepper and salt. Hash passed under such names as 'croquettes.'

Girl About Town -:- by MARJORIE McBRIDE

IF YOU'VE never glimpsed a [illegible] press [illegible] camera [illegible] reporters at [illegible] Dan Topping [illegible] self Monday [illegible] Coast Guard Base [illegible]

Practically [illegible] Photographers [illegible] and [illegible] everyone [illegible] ANYBODY will be there.

Attention [illegible] dramatics [illegible] garments [illegible] from [illegible] become [illegible] gala [illegible] attend.

Prizes [illegible] Photographer. The winner will receive a fur cape and undoubtedly get her picture in all papers.

"STEP UP, FRIENDS! YOU'RE ALL WELCOME"
Press Photographers Prepare for Gala Ball

[illegible] Things [illegible] They are filled with medieval lore concerning a strange and vanishing craft.

Catnip, they'll tell you, isn't just something you feed Tabby when she is indisposed. It gives a man courage. In olden times, they say, hangmen and executioners bolstered their nerve before an execution.

If you need to [illegible] the family budget, and aren't naturally thrifty, bummel to what [illegible] Pick best to [illegible] in a loaf of bread while the bread is [illegible] ing to their tales.

For lovers, they carry rue. Put in a girl's slipper it is supposed to make her fall head over heels in love with the donor. A piece of sage in your shoe and you will be lucky—lemon balm will banish that tired feeling—lemon verbena will make you crafty.

S[illegible] gone. But [illegible] if the sellers operate under the Department of Standards and the Department of Health to [illegible] are [illegible] they are [illegible] harmless and the sellers are [illegible].

SIDEWALK SCENE: A lady with a huge brown paper parcel, emerging from a chiropodist's establishment and saying to a waiting [illegible]

"Calls himself a chiropodist and can't stuff a dog!"

Political Parade -:- by GEORGE ROTHWELL BROWN

WASHINGTON, April 4—There [illegible] Texas Legislature [illegible] Democratic [illegible] for the Democratic [illegible] for President.

Moreover, [illegible] General sentiment [illegible] the present [illegible] a fine [illegible] get back [illegible]

IT MAY [illegible] a [illegible] the [illegible] to [illegible] and [illegible] Texas [illegible] of [illegible] a gigantic, rapacious, and unscrupulous [illegible] Washington, which has not hesitated, as the Sheppard Committee revealed, to perpetuate itself in political power through the use of Federal relief money in election campaigns.

As the resolutions unanimously adopted by the Lone Star Senate and House were presented to the United States Senate this week, by Senator Tom Connally, with a bow of cheerful agreement on the part of Senator Sheppard, it was recalled that the Democratic Legislature of Indiana formally endorsed High Commissioner Paul McNutt for the Presidency at its 1937 session.

JOHN N. GARNER
Texas Endorses Him

Meanwhile the North Carolina House has endorsed as the Tar Heel "favorite son" Governor Clyde R. Hoey, and it is likely that other states will follow suit.

What is happening is that there is a tendency coming into the open a [illegible] of [illegible] son delegates [illegible] to [illegible] on the [illegible] Not a [illegible] but an [illegible] meeting that Democratic Presidential candidates [illegible] and that [illegible] a spot.

Yet a [illegible] in the politics [illegible] Washington [illegible] a [illegible] that this [illegible] sound, strong enough, not perhaps to control the convention, but to veto a third [illegible] for the President.

AS OTHER States [illegible] this [illegible] legislatures, either in support of Mr. Garner, or a native son, the pattern of Democratic national convention control will become more distinct.

It would be a very wholesome thing to see the States once more assert something of their ancient prerogatives, which they jealously guarded in the old days, when the lines of separation between the State and Federal governments were more sharply drawn.

King George

Broadway Medley

KING MAY POSTPONE AMERICAN VISIT, BRITISH HINT

By Leonard Lyons

NEW YORK, April 4 — For the first time since their adolescence, the two sons of President Roosevelt met one another together with their wives last week. Without any previous agreement, James, Elliot, John and Franklin Jr. all came to New York. . . . The sponsors of the Fair say April 30, when many have been notified that the King and Queen of England will not attend and that their visit may be suspended because of the conditions in Europe. . . . Marian Jacoby will sing at the Astor. . . . William S. Hart's greatest epic, "Tumbleweeds," will be screened May 1 since Hart's voice won't be heard on the screen for the first time, it will not be a talkie.

• • •

A VERY PRETTY lad brought her daughter to the Barbizon Lexington Saturday afternoon and was surrounded by a crowd of young reporters. When the lad began to talk to the lady, she said: "Why, sonny, I'm not the one you want to see. The reporters are over there." The lad said: "But I'm not interested in them. I'm interested in the baby." The lady turned pale and fainted.

A Proud, Sculptured Line

By ANNICE BRINK

A WHISPERING campaign started a completely unique career for a young New York woman! From one woman to another it went . . . the story that an extraordinary method of cutting and design had evolved a new bra, one that gave the proud, sculptured line of a Grecian statue to bosoms which were far from the Phidian ideal! It was a natural look, an amazingly unfettered, unbound look that diminished by inches in effect!

First it was necessary to [illegible] Then, with one woman who [illegible] dressing by the extraordinarily [illegible] of a friend and then [illegible] for three days. The [illegible] was completed in a [illegible] of minutes. And today our [illegible] obey and [illegible] the whole [illegible]

Actually the [illegible] of these sculptural bras studied the Greek idea of [illegible] at the Metropolitan Museum and at last achieved the [illegible] are wanted to [illegible] with [illegible] are [illegible] are separate [illegible] and [illegible] the [illegible] design made in satin [illegible] the dainty [illegible] are pearl [illegible] and [illegible] in the French manner.

They range in price from $2 to $3.50. Fine or average [illegible] needed a specially designed [illegible] for the [illegible] figure are [illegible] a [illegible] model [illegible] with [illegible]

To learn the name of the Boston shop which exclusively features these new-principle, figure re-making bras, phone Annice Brink, Fashion Editor, LIBerty 4000, weekdays until 5:30, or drop her a postal card.

Love

Too Sure of Her?

DEAR MISS FAIRFAX:

I have been going with a girl for a long time and I [illegible] she [illegible] I want to [illegible] I want to go [illegible] but [illegible] I want to [illegible] from me. I want to keep [illegible] I tried to take her [illegible] but that didn't seem to matter to her. She never wanted to go to [illegible] when I asked her. But would suggest a walk or an evening at home [illegible] which [illegible] nothing. She always told me to save my money and I thought that was a good sign.

I asked her to go to a party a couple of weeks ago but she refused. I love her more than anything in the world and life without her is meaningless. I am a stepson and have been afraid to [illegible] a good girl for a time at least.

JOHNNY

Perhaps she had a good reason for refusing to go to the party with you. And she up to you to find out why she doesn't want to see you. You may be able to straighten out the difficulty. Why don't you try it but you have a pal now and suggest an evening out to celebrate?

Advertisement

Look Out for Spring Colds . . .

You risk serious health dangers when you neglect spring colds. It is a time of lowered physical resistance when germ infections can get a deeper hold on the system.

You can build strong resistance to colds now by taking Father John's Medicine, very rich in Vitamins. It is more than a treatment for colds. 24 years of constant use prove its value as a body builder.

You Can be Beautiful

Go After Under-Eye Lines

By ARLINE GOULD

HAVE YOU taken this "little girl" trend in fashion seriously enough to attempt regaining the frost-touched look around the eyes that is part of childhood's charm? Just washing and putting on a naive blouse with a big bow under your chin won't do it, but a really good eye cream will go a long way!

We've discovered an eye cream that not only is good for smoothing away crows feet softly while you sleep but because it gives a moist instead of an oily look . . . it may also be worn, in small quantities naturally, all day long!

Another very big point in its favor, that makes it more of a bit of magic, like the Easter bunny's basket, is its price. Whereas you can pay much money for some eye creams, this one is only a dollar.

We can't think of a better time to start the earnest business of softening up that poor, fragile skin around the eyes than right now. The skin is very thin there, yet it is subjected to more stretching and crinkling than anywhere else on the face. You laugh, and grimace frown and cry . . . and the lines gather one a tragedy but one and reveal the eyes.

In the springtime, your body is getting its physical forces together you should look and feel [illegible] and if you give your skin extra pampering you should be repaid [illegible] for greater [illegible]

To erase persistent lines, crows-feet and puffiness, use the cream last-[illegible] at night. It's [illegible] to [illegible] noticeable [illegible] the morning. You will see the difference. After cleansing the face in the morning pat a bit more eye cream all around it, including the eyelids, press a tissue on the skin so there won't be too much cream left and go a round happily knowing that you've played a smart trick in the way of keeping Father Time.

To learn about this right-and-day eye cream for a dollar, phone Arline Gould, LIBerty 4000, week-days until 5:30 or write inclosing a stamped, self-dressed envelope.

Camilla

by Anne Stretton

who wrote 'PROPOSAL'

Who's Who and What's Happened:

CAMILLA [illegible] MARK [illegible] to Camilla and Mark. He does however [illegible]

GLADYS [illegible] Camilla and Mark [illegible]

SIMON [illegible] with Camilla and Mark [illegible] Camilla and Mark [illegible]

OLIVIA [illegible]

STEPHEN [illegible] Stephen [illegible] Dore.

While Camilla watched her nervously, Evelyn strolled to the window and stood looking out.

Now Continue:

CHAPTER TWO

"AUNT LAURA has been Dore," Olivia told Stephen. "She's Commissioner for Guides here. She'd been told about the girls, the village schoolmistress who gave her lessons in the evening. So one day Aunt Laura overcame her repugnance and went over to Dore. She rang the bell for a long time, and at last, getting no answer she walked in.

"The house was very shabby with a month's dust in the corners—she looked in the corners of course. She would. The woman—the creature, rather—came downstairs wearing a velvet kimono. I'd like to have seen that meeting. Aunt Laura asked if she might see the girl, and the woman answered that she could see her if she liked.

"Aunt Laura pointed out what a good thing it would be if she joined the Guides, but the woman wouldn't say anything except [illegible]

"After a little, the girl herself came in. She was nearly fourteen, then she looked young for her age, Aunt Laura said, and rather shy and stuff."

"And did she join the Guides?"

"No. She just said 'No, thank you,' and 'No, thank you very much.' Aunt Laura said it was hopeless."

"I wonder what future a girl with a background like that can expect?"

"Not too brilliant, I should think. I imagine it will be case of [illegible]

TOO POSSESSIVE

"Olivia—" [illegible]

"Olivia—you can't change your mind, now. You can't throw me over! I've been looking forward for months. And I thought you were, too."

"I was . . . But I do change my mind, Stephen. You've always known that, if you've known me."

"But why have you changed it?"

"Must we go through all that? It's so pointless."

"Considering that you've given me no reason—"

"I don't know my reason. If the rules were reversed, I shouldn't keep asking you for yours . . . Oh, I suppose I do know, really: you're becoming possessive, Stephen. I can't stand it. I like to be left alone. Ever since Paris you've been a bore."

"If you want me ever to feel differently, you're not going the right way about it, in nagging me again today."

There was a pause.

"You want to keep me on a string, though, don't you?" Stephen said at last.

"Not particularly. Don't [illegible] bitterly—and all that, Stephen. What I want to do is to go to Italy—alone—and to stay there with friends, and then wander on where I like . . . I'm sorry, my dear—but there it is."

"There's another man, I suppose?"

"Another man? Think so, if you like. As a matter of fact, there isn't. But if there were what has it to do with you?"

"Nothing . . . Nothing, I suppose."

[illegible]

"What a conversation for my uncle's trees to overhear. As he hasn't progressed beyond 1480 I don't suppose they have."

Stephen stepped back.

"Olivia—I wish—I wish I'd never met you."

[illegible]

"Well, darling, perhaps it would have been better."

SIMON BREAKS NEWS

Simon Wintle and [illegible] chatting [illegible] Mark [illegible] against the balustrade and were [illegible] the latter's [illegible] at their home.

[illegible] and brought [illegible] beer, [illegible] and a large piece of [illegible] by Dore, she [illegible] about.

There [illegible] and the party [illegible] the walls and the [illegible] [illegible] room [illegible] and [illegible] cheap [illegible] [illegible] and the [illegible] [illegible] the Chase.

"Wait a minute, you two," [illegible]

[illegible]

"Do you think you can help me entertain a guest, here for ten days?"

[illegible]

Yes, I think we could, Simon," Mark answered. "If you'll tell us what you'd like us to do with him."

[illegible]

"It's not a man—it's a girl," Simon explained.

"Oh."

"I am going to motor up to London on Tuesday, and bring her down on Thursday; and before she comes," he continued, anything a little, "you may as well know the news. She and I are engaged."

There was a [illegible] pause.

"Do you mean you're going to be married, Simon?" Mark asked. "Yes."

[illegible] gazed at [illegible] "Congratulations, Simon," Mark said at last.

"Congratulations," Camilla murmured.

"Thank you," Simon replied.

[illegible] Mark [illegible] to say, and [illegible] a little [illegible]

"What is your—what is her name, Simon?"

"Evelyn Latter, but she'll expect you to call her Evelyn.

[illegible]

"I shall want you to make the house look a bit tidier than it usually does. You'd better clean up those magazines, and put your things away."

"And—Camilla," he continued, "you might just mend a few things—the hole in that chair cover, there, and that curtain." His eye travelled over the shabby room, whose shabbiness he had taken for granted for seven years.

"And," he added, "don't forget to see that Evelyn's room is decent, and that there's a fire in it."

* * *

Mark and [illegible] and [illegible] and her worries.

Mark added a [illegible] Camilla was silent.

As the moment of meeting the stranger drew near, she felt more and more nervous. She would have liked [illegible] Mark. Mark would understand that Simon how [illegible] He might [illegible] but her [illegible] were [illegible]

NOTHING TO WEAR

"I suppose Evelyn will think it pretty funny—me not having any dresses," she said, presently. Gingerly in order to save herself trouble, and money, kept her daughter in riding breeches and Mark—out grown jackets.

Mark gave Camilla's clothes a comprehensive [illegible]

"I don't know. You look all right. Your breeches are well cut, anyway."

He took two cigarettes from his pocket. Then, lit them, certain of hearing Simon's car. Time to throw them away.

"I can't imagine what Simon's young woman is going to think of Mother," he said.

"I suppose she'll know about us being illegitimate, Mark?" Camilla asked, rather timidly.

"Yes," Mark answered, shortly. Their mother had never [illegible] concealed their illegitimacy from [illegible]

THE GUEST ARRIVES

[illegible]

"Where's your mother?" he asked Camilla. "Upstairs? Then you'd better show Evelyn to her room. And—Camilla—see that there's some hot water."

[illegible]

BRADSHAW

"Register Check" New Bank Service

By HUGH E. BRADSHAW
Financial Editor

The men with whom I have dedicated their services to the financial public is one of the least appreciated developments in the last decade. Yet the average man-in-the-street is now enjoying all the benefits once associated with a few select accounts.

Most striking of the new services is the "register check" . . . In other words the right to draw a personal check on the deposit trust funds, thereby making it unnecessary to keep a deposit balance by them. The Shawmut Bank of Boston now provides such service at no extra charge and all sizes of its branches . . . Trust authorities are completely cooperating. No references or interviews are necessary. After the fee paid for the service of handling notes of each account is ascertainable basis is small.

COMMENTING on the new service President Walter S. Fleming observes: "For many years the National Shawmut Bank has been extending the scope of its banking services to the public. Especially noteworthy in this connection are our personal loan, home modernization loan, automobile and household equipment loan services. All of which are available to depositors and non-depositors of the bank. The addition of the Shawmut register check plan provides definite advantages to the general public and further broadens our field of service . . ."

STOCK TRANSFER . . . sales in Massachusetts showed a healthy rise during March . . . The figure of $23,217 compares very favorably with that of $18,0[illegible] reported in March 1938. And the credit, in our opinion, belongs to business for market conditions . . . But to the aggressive policy of the Boston Stock Exchange . . . Segregating the stamp tax sales figure is an impossible job. However, if it could be done we would wager the forward-looking policy of the exchange in selling the story of savings made possible through use of its trading facilities would be found responsible for the rise . . .

JAN BATA, of the great Czech shoe concern is responsible but not effective head of the firm which bears his name . . . This is the advice received in local financial circles from Col. John B. Atkinson of the Atkinson Shoe Corp., of Boston. He is the North American representative of Bata and notes that the factories at Zlin are now under German government supervision . . . As for other imports from Czechoslovakia Col. Atkinson is quoted as saying he wouldn't import them even if he could get them. As they couldn't be sold in the U. S. because there is an effective boycott here on German made goods . . .

YOU AND YOU AND YOU . . . Are the real owners of the Boston & Albany Railroad Co. All because of your ownership of insurance companies . . . Latest figures, as of December 1, show among the largest stockholders of the local carrier: The John Hancock Mutual Life Insurance Co., 7077 shares . . . Equitable Life Assurance Society of United States 4750 . . .

RUKEYSER

West Coast Sees Business Upturn

By MERRYLE STANLEY RUKEYSER
International News Service Economic Commentator

LOS ANGELES, April 4—Rubbing elbows with numerous key West Coast business leaders, I have been able to confirm my first hand impression concerning the state of their confidence through examining the results of a similar elaborate probe by a San Francisco investment firm.

This poll involves a confidential [illegible] among business executives who are asked to [illegible] their views on business [illegible] the months ahead.

It's time the findings appeared to be there to read. The picture is that there be [illegible] increase in employment over the next 60 days [illegible] 31 per cent who [illegible] the dead certainty [illegible] show a [illegible] increase of not [illegible] 7 per cent [illegible] the next six months. This [illegible] 5 per cent [illegible] and 5 per cent [illegible] per cent.

The keen [illegible] seems to be [illegible] on the [illegible] across the [illegible] showed a [illegible] [illegible] of the [illegible] who [illegible] [illegible] 70 per cent [illegible] improvement in 31 per cent expected no change, and only 12 per cent expected a decrease. Almost half—47 per cent—are planning to add [illegible] employees to their rolls and more than half—58 per cent, expect higher payrolls.

On the other hand, 14 per cent [illegible] the pessimistic view that there will be decrease in the total number of employees and in April's [illegible] wages paid. Thirty-five per cent expect no change in the number of employment and 31 per cent no change in payrolls.

In the secret balloting, business men who have been kicked around unmercifully by mama government took an opportunity to make anonymous side swipes at the New Deal. The theme song was provided by a Portland manufacturer who penciled the following on his ballot:

We cannot expect much improvement under the present administration. Industry has to pay the excessive taxes, the Social Security, the fifty billion dollar national debt, and has to cope with an unfriendly administration."

Stocks Dip 1-3 Points In New York

NEW YORK, Apr. 4 (INS)—Congressional [illegible] offering tipped the stock market over 1 to 3 points today.

While dealings slackened appreciably after a fairly fast opening, efforts to revive the wavering list were, on the whole, unsuccessful and prices hovered around bottom marks most of the day.

European political complexities brokers said, remained as the principal speculative stumbling block, although [illegible] were cited as a contributing factor.

Prices were off in the main, but there were [illegible] exceptions. Chrysler, Montgomery Ward, Douglas Aircraft, Sperry, Montgomery Ward, American Tobacco "B", Public Service of New Jersey, Westinghouse Electric and Republic Steel [illegible] Motor.

Rejuvenated Bruins Await Smythe Tribe

JACK HORNER'S sitting in a corner but he hasn't got any pumpkin pie with him. If he did, he'd toss it in the Bruins' faces. Jack's the bad man of Toronto's Maple Leafs, which open Stanley Cup series here Thursday against the Bruins.

AND CONNIE SMYTHE, Toronto hockey savant, looks happy as he takes his morning shower. Connie claims he always could outsmart Art Ross. He'll get his chance in the Cup series which opens here Thursday.

By BILL GRIMES

Ten years ago the Bruins swept through to the Stanley Cup by beating Les Canadiens and Rangers in straight games.

But, the following year, they put the battered old mug back in circulation and the Flying Frenchmen succeeded them as the world's champions.

Playoffs at a Glance

SERIES A
(Best four out of seven)
First game—Boston 2, Rangers 1 (over time).
Second game—Boston 3, Rangers 2 (over time).
Third game—Boston 6, Rangers 1.
Fourth game—Rangers 2, Boston 1.
Fifth game—Rangers 2, Boston 1 (overtime).
Sixth game—Rangers 2, Boston 1
Seventh game—Boston 7, Rangers 1
Boston wins series, 4 to 3

SERIES B
(Best two out of three)
First game—Toronto 4, Americans 0
Second game—Toronto 5, Americans 0
Toronto wins series, 2 to 0

SERIES C
(Best two out of three)

Sixth game—At Toronto, April 18 (if necessary)
Seventh game—At Boston, April 21 (if necessary)

LEAFS JINX TO BRUINS

In 1931 the Bruins have qualified seven times but until Mel Hill's [illegible] of the N. H. L. title round but an

but the regulation 60 minutes and it was not until they'd played two minutes and 46 seconds of overtime that Ken Doraty caged the only goal of the game.

That series was a far tougher [illegible] the Bruins [illegible] Rangers in this play off. It was a knock down and drag out affair from the opening game and wound up with the Bruins blanking [illegible]

With the count two all, the Bruins and Maple Leafs entered the fifth and final game of the series. They fought toe to toe through-

[illegible] the toboggan and they packed their grips and returned to their homes after the third game.

FANS PUZZLED

When they took the Bruins into [illegible] Leafs sprung one of the most [illegible] The Bruins followers are [illegible] Toronto Maple Leaf [illegible]

[illegible] that Mr. Hay had to [illegible] the first period [illegible] Bruins [illegible] off [illegible] has been [illegible] [illegible] a powerful attack and they have carried [illegible] [illegible] since 1929.

[illegible] during the recent series with the Rangers. They were nervous and [illegible] that had [illegible] years play offs. But, now that they [illegible] Maple Leafs for [illegible] they have an added incentive to give their all, which they are confident will bring the Stanley Cup back to Boston after a lapse of a full decade.

SACRIFICE FLY LAW BACK IN RULE BOOK

NEW YORK, April 4 (AP)—In [illegible] event noticed that bat- [illegible] immendation of a [illegible] ball writers, the [illegible] have now adopted this rule:

"A sacrifice hit shall be credited to the batsman who, with no one out or only one out, hits a fly ball that is caught but which results in a baserunner scoring or scored a runner if said fly was dropped for an error in the judgment of the official scorer; but no distinction shall be made in the summary between bunted ball and fly ball sacrifices."

The old rule provided for a sacrifice if a runner advanced to any base, not necessarily scoring.

BILL'S SPORT-O-GRIMES

The Bruins returned to action today . . . They held a one hour's practice session at the Garden . . . The reaction from the Rangers' series had set in . . . and they were none too peppery . . . But they did display some well disguised false pepper . . .

Jack Portland came out of the final Ranger game with a bad knee . . . But, he'll be fit for the Maple Leafs . . . Mel Hill is carrying his fanatic fight [illegible] ly . . . He gives the credit for his third overtime goals to Bill Cowley, his play maker . . . Charlie Sands Ray Getliff- Harley Frost Jerry Riordon Pat McReavy Johnny Shewchuk and Dee more worked out yesterday . . .

Jack Portland

Connie Smythe entered a protest with Pres. Frank Calder that the Bruins are using sticks, longer than the specified length . . . Sr. Hamie Moore and Walter Randell went to work with their saws yesterday . . . Manager Art Ross dropped in at the Garden to catch a glimpse at his rookies . . .

Harry Watson has been master[illegible] at the old Arena back in Toronto. He used last Sunday [illegible] at the Garden he never dreamed [illegible] making talents be [illegible] Hughes was Hap Adams [illegible] during the ice making [illegible] was assigned to [illegible] the sponge . . . He started off like a Bobby McLean but wound up [illegible] a Web Mason . . .

While working out with the Maple Leafs last week, Harvey "Busher" Jackson, who has been on the sidelines due to a bad knee, was [illegible] on the face by [illegible] stitches by a shot off Red Hamil [illegible] . . . By the way, Red [illegible] . . . Leafs [illegible] [illegible] . . . Leafs [illegible] [illegible] . . . Leafs [illegible]

Austen Lake:

Word for Williams: Roll of Sox Rebels

I DO NOT PRESUME TO TEACH an old dog like Joe Cronin how to run his boneyard, but I think he makes a serious error in trying to tame an irritating asset like young Ted Williams, the varmint rookie outfielder who heaved a baseball over the grandstand roof at Atlanta. Ted was merely expressing self-reproach for having flubbed a foul fly.

AUSTEN LAKE

As a truculent, sprawling athlete with a waspish temper and a talent for making people squirm, Ted should prime the nerves of the 1939 Red Sox, which are a serene, veteran set inclined to moon around like Salvation sisters selling light, love and pussy cat contentment.

Not that I disparage contentment, which is one of the most elusive human luxuries. But I would point out that contentment in overdoses leads to mental droop, muscular slack and a sensual lull which is dangerous to the energy-outlets in the business of chasing pennants.

Peace is repulsive to Williams, and it is probable that some of the current Red Sox, growing mellow with their years and prone of vertical slumber, would like to see him shipped to some faraway farm, as happened last year. But their very reason for wanting him least, is the same reason why the club needs a kid of his type most—as a kind of hair-shirt over the skin of complacence.

Since Tom Yawkey became the cash-archangel of the Red Sox, there have been a half-dozen wildish young men on his payroll—all of whom, in their time have been dropped through the wastepipe. There was Roy Johnson and Willie Werber and Wes Ferrell and Ben Chapman, restless spirits who either formed the habit of coming home after the celestial lamplighter had doused the stars and pulled in the moon for the night, or who boiled over emotionally in the clubhouse and tore their shirts, or who liked to drop lizards in their teammates' shoes, or stench-capsules in their pockets or firecrackers in their Pullman berths.

At Least One to Every Ball Club

[illegible]

Roy Was an "Evil Influence"

SO, BEFORE HE WAS CONDEMNED TO Washington, as an evil influence on the rest of the Red Sox Fauntleroys, Johnson had many interesting adventures, like being collected by the local sanitary squad and after being hosed down in the guard room, fetched home very loose in the hinges. That cost him $500 and a sentence to Clark Griffith's penal colony.

Yet, if Johnson was really an evil influence on the 1935 Red Sox, then the 1936 club suffered from an over dose of purity which brought on attacks of suspended animation and pernicious indolence. It was a high price to pay for peace.

There were also some lesser mischief makers, like big Ed Morgan and little Ed Connally, who disappeared via the outpatient's department after their famous bath-room brawl in Baltimore during the home runner tour of '34. One of my most cherished memories is that of Morgan telling Yawkey how mortified he felt at being mistaken for somebody else by a taxi-driver with a crook handle in his fist, while Buckey Harris, the then manager, stood by with a wise smirk.

That is the roll-call of the Red Sox ruction-raisers up to Ted Williams' time. And I think that none of them were incurables so much as lads with heads overcrowded with ideas and nervous networks overcharged with impulses. So, one hopes, when it comes time to count noses this summer that Ted Williams' tip-tilted schnozzola will not be among the missing. Because what the 1939 Red Sox need, more than temperance and dull docility, is a couple of emotional buckeroos like Ted to keep life constantly at the boil.

Mr. BOSTON

By JACK CONWAY

Oldtime Ring Stars Still in Chips ‡ ***Miami Big Field For Sport Heroes***

BRADENTON, Fla., April 4—I found the oldtime fighters doing very well for themselves during my recent trip to Miami. Jack Dempsey, Lew Tendler, Johnny Risko and Tom Heeney are still very much in the chips.

Dempsey has made more money with his Dempsey-Vanderbilt hotel than the other former boxers have with their business ventures. Benny Ginsburg of Newton, owns a half interest in the Dempsey-Vanderbilt, and has been helpful in making it a success.

Dempsey makes personal appearances at his Miami Beach hotel during the height of the Winter season in January and February. The Sunday afternoon cocktail party is one of the big events of the week. Dempsey invites all the night club and theatrical stars showing in the Miami area, and they each contribute a number.

This is the payoff for all Dempsey has done for other shows down through the years. I have known the former champion to make as many as half a dozen personal appearances without special compensation during an evening. It is quite natural that when Jack now asks Ted Lewis, Fred Waring, Al Jolson, Ben Bernie and other stars to sit in with him at his cocktail parties that they gladly do so.

Next year Dempsey is going to add 78 rooms to his hotel, and also build a swimming pool. That is how good business has been.

Lew Tendler Operating Air Conditioned Restaurant

LEW TENDLER operates an air conditioned restaurant known as "Mammey's" in one corner of Dempsey's property. The restaurant is patterned after a popular spot in Atlantic City, and does a thriving business.

Johnny Risko and Tom Heeney have bars where one can get a drink and discuss boxing or horse racing. Both former heavyweights are doing all right for themselves.

Risko was one of the busiest boxers the ring has known. He fought some of his best battles in Boston, and was usually handled when in New England by Tommy McFarland.

Gene Tunney once made the mistake of meeting Risko in Cleveland. Tunney shattered both of his hands trying to halt Risko's surges.

Tex Rickard referred to Risko as "The Destroyer." This was because "Rubbery Jaws" had a habit of winning from a heavyweight Rickard was trying to build into a championship match.

There was the time Risko won the decision over Jack Sharkey when the latter had been promised a title bout with Tunney.

Rickard asked Tunney if he would fight Risko.

"Get me Tom Heeney," demanded Gene. "I fought that fellow Risko in Cleveland and I broke both of my hands against his head."

Heeney got $100,000 for the Tunney bout, and was also knocked out. Tom saved enough out of this purse to set himself up in his present business.

Jess Willard has also spent considerable time in Miami as an aid to Jack Dempsey. Jess is broke, and Dempsey gave the man from whom he won the title a job as a greeter. Americans are great hero worshippers, and they like to meet these former ring greats at a bar over a scotch and soda.

Boston Sport Celebrities Enjoy Sun Rays in Florida

I MET FORMER Lieut. Gov. Frank Kelly and Mrs. Kelly in front of the clubhouse at Tropical Park . . . They are on vacation in Florida . . . Kelly stated he has not any immediate political plans, and will continue to keep his eye on the ball . . . Dick Berenson, formerly of Roxbury, who controls Hi-Li in Florida, would like to introduce this fascinating Cuban game into Massachusetts, but says he would not attempt to do so unless pari-mutuel betting on the sport is legalized . . . Berenson tried Hi-Li in the New York Hippodrome, but without legalized betting it didn't go.

Dan Carroll and Mrs. Carroll hopped from Coral Gables to St. Petersburg and back by private plane . . . Dan is getting ready to start for Boston . . . Bobby Goldman of Narragansett Park heads for home next Sunday, and will be busy helping Billy Ames ballyhoo the April 22 opening of the Rhode Island track . . . Bill Shelley told me he has 1400 of the leading thoroughbreds in the country ready for the Narragansett meeting.

Horsemen are anxious to spend the Spring, Summer and Fall in New England, and will be able to do so to their advantage with large purses being offered at Narragansett Park, Suffolk Downs and Rockingham Park . . . Looks as if New England is going to have its best season of racing.

That was Dan McCormack of Newton having breakfast at Mammey's at Miami Beach . . . Dan has been taking in the races at Tropical Park, and also playing golf at the Bay Shore Country Club . . . Gulfstream would like to try night horse racing next year, but it is unlikely that it will be permitted to do so . . . Such a move will be fought by both the horse and dog people.

Grove's Performance Inspiration to Red Sox

By JOE CASHMAN

AUGUSTA, Ga., April 4—The Red Sox will open the American League season against the world champion Yankees in New York two weeks from today.

By that time Manager Joe Cronin hopes to have at least five pitchers with a nine-inning game under their belts.

Eldon Auker already has gone the route.

Jack Wilson, Jim Bagby, Denny Galehouse, "Woody" Rich, Fred Ostermueller and Joe Heving could travel the distance if called upon to do so this afternoon, in the pilot's opinion.

And four or more of them are to be given the opportunity before the bell rings.

It's telling no tales out of school to reveal that Cronin is counting on Wilson, Bagby, Auker, Galehouse and Heving being his "big five" at the start of the race.

PLAN TO START RICH

It doesn't necessarily mean that this quintet will go on indefinitely bearing the brunt of the box burden.

Before the campaign is ten days old, "Woody" Rich, "Fritz" Ostermuller and "Lefty" Grove may be starters.

Manager Cronin is still talking in superlatives of Grove's showing in batting practice in Atlanta, his first appearance following his season's competitive bow against the Reds last Wednesday, that he decided to start him against the Reds in Columbia, S. C. tomorrow.

OSTERMUELLER FAST

Then there's Ostermueller. He breezed four innings against the Crackers without allowing a hit.

Since there's not a left-hander among the favored flingers of the moment, and a staff needs a pair of portsiders to be well balanced, room must be made for "Osty" as well as Grove, if the former can turn in a few more such dazzling efforts.

And Rich surely can't be ignored.

He, along with Wilson and Bagby, might become all-time "greats." The other members of the corps, excepting Grove, who long ago qualified, will never gain that distinction.

So the Traveler from Little Rock must have his chance.

LEFTY GROVE JOE CRONIN

Joe Cronin feels Grove's pulse before the Sox ancient takes turn in batting practice. Grove's pulse went dead on him last summer, but he's pitching in old time form again in the South.

Albemarle Course To Open Saturday

Albemarle's 18-hole golf course, always the first inland links in this section to dry out after the March thaws, will open its doors for play Saturday, the club's pro, Jack Sheehan, announced today.

Sheehan, who has been at the club six years, anticipates a prosperous season, such as the club enjoyed a year ago.

BIG LEAGUE RACES HINGE ON CRIPPLES

NEW YORK, April 4 (INS)—Just two weeks from today, specifically on April 18, the major league pennant races will start.

From there on out it will be slam-bang and let the lame and halt fall where they may while the athletes who are sound of limb and wind go ahead to whatever accomplishments they can achieve.

As a matter of fact, the 1939 campaigns in the American and National Leagues are going to be determined by an abundance of cripples.

GEHRIG, BARTELL

A sample? If Lou Gehrig recovers from fallen arches and spavined shanks the New York Yankees, American League and world champions, might win easily for the fourth straight time, but if he doesn't avoid a protracted slump tracing to senile miseries the Yanks could and might bog down just enough to let some hot and eager club nose through to the flag.

The Chicago Cubs, National League bell-wethers, view with alarm the sad, disheartening plight of Rowdy Richard Bartell, the shortstop. He has rheumatism in his ankle.

HUBBELL, DEAN

The Cubs have one of them in the person of Dizzy Dean. Not to be outdone by the Cubs, the Giants have two—Pitcher Carl Hubbell, who is back in the hospital, and Pitcher Hal Schumacher, who is a possibility for a return engagement with the doctors.

The Giants also don't know yet whether Burgess Whitehead is going to play any second base after his retirement of one season.

And for some more of those "ifs" you can take pitchers Lefty Grove of the Boston Red Sox, Schoolboy Rowe of the Detroit Tigers, Johnny Allen of the Cleveland Indians, Wes Farrell of the Yankees and Van Lingle Mungo.

DINE'S SEEK ACTION

The Dine Athletic Club, formerly the Shawmut A. C., park department champions last year, would like to arrange games for the coming baseball season. Managers contact Lon Capolis, 103 Shawmut ave., Boston.

B. A. A. Run Test For Olympics

With the closing date one week away and 68 entries already in, Tom Kanaly, who is handling the entries for the 43rd annual B. A. A. marathon, is predicting an entry list which will approach the record number of 286, compiled in 1938.

This Patriot's Day race, along with the A. A. U. grind, which will be held in Yonkers, N. Y., are the only two official Olympic tests this year, and naturally all the hill and dalers are looking forward to the Olympics in 1940.

Hugo Kaupinnen, who finished twelfth last year, is among the most recent entrants. Kaupinnen was as high as fifth in the standing in 1935.

THE PHANTOM

WE'LL CAMP HERE FOR THE NIGHT.
I STILL DON'T LIKE IT, AL, LEAVING THAT GIRL LIKE THAT.
SHE WAS DYNAMITE IF WE KEPT HER AND WERE FOUND BY A DESERT PATROL. WE HAD TO GET RID OF HER. DID YOU EXPECT ME TO KILL HER WITH MY OWN HANDS?
A DAY OR SO UNDER THE HOT DESERT SUN, WITHOUT SHELTER WITHOUT FOOD OR WATER— AND IT'S THE END OF HER. NOW — THAT'S ENOUGH. IT'S ALL OVER AND FORGOTTEN.
4-4

The Man Who Won't Forget

Fette Outstanding Hurler on Staff

BRADENTON, Fla., April 4—The long practice sessions the Bees are able to hold through tomorrow because no games are scheduled will prove beneficial to the pitchers, according to Manager Casey Stengel.

"I'm going to let one of my pitchers go the full nine innings in one of the Regular and Yanigan clashes," declared Casey. "Even if the pitcher is getting hit hard, I can leave him on the mound. In an exhibition game, I would have to take the pitcher out.

"The best way for a pitcher to be prepared for the opening of the season is for him to work several nine-inning games in the South.

"With eight more games to play against the Washington Senators, we shall get plenty of competition on our way North. Our club should be on edge when it is called upon to oppose the Phillies in the opening game of the league season in Boston on April 18.

"That is just two weeks away, and you can wager all you have that we shall be stepping on high from now on."

FETTE READY TO PITCH

Lou Fette has shown more than any of the other Bees pitchers so far this year. Fette rounded into form quickly, gained control, and looks as if he will be ready to travel the full nine innings at top speed by the time the season opens.

Danny MacFayden has recovered from arm trouble and looks good.

Jim Turner is still complaining of soreness in his right arm, and Stengel will not attempt to force this star flinger until he is ready to cut loose.

Bill Posedel, acquired in the deal that sent Al Todd to Brooklyn, will help the pitching department. Last season Posedel won eight and lost nine games. Posedel is a right-hander, and is expected to be able to take his regular turn in the box early in the season. He will be a handy man to have around in the event Turner is slow in rounding into form.

TODD MUSCLE BOUND

The Bees lost little in Todd. The big catcher showed poorly during the training season here. He appears muscle bound, was slow, and his throwing to bases was very poor.

Al Lopez, of course, will be the first string catcher with the promising Phil Masi as his understudy.

Stengel believes that Dick Errickson will have a good year in the box. He has shown good form here.

Milburn Shoffner also looks as if he will be of value to the club in the early part of the season.

John Lanning has been held back by a broken digit on his right hand.

Tom Earley has looked the best of the young pitchers. He may improve enough to win a place with the club.

Revised Bowie Line, Jockeys

Salvo Wins Post On Giants' Staff

By the Associated Press

BATON ROUGE, La., April 4—The New York Giants' four regular starting pitchers this season will be Harry Gumbert, Cliff Melton, Hal Schumacher and the rookie, Manuel Salvo, Manager Bill Terry announced today. When and if Carl Hubbell regains his form he will become a fifth starter, but Terry isn't counting on Clyde Castleman.

Carl Hubbell

* * *

BISBEE, Ariz.—Earl Whitehill, who suffered a broken ankle bone at the Catalina Island training camp, has had the cast removed and isn't even limping. He is one of the Chicago Cubs' most active players at getting into shape despite the injury and his 39 years. His pitching arm will get a test within a few days.

* * *

CLEARWATER, Fla.—The Brooklyn Dodgers have Pete Coscarart at second and the veteran Tony Lazzeri at third, an indication these two will start the season. Coscarart, after a bad start, has won the position from Pete Reiser, the rookie, and Lazzeri has ousted Harry Lavagetto, who played at third most of last season.

* * *

ORLANDO, Fla.—The Washington Senators are toying with the idea of using Roberto Ortiz, the hard-throwing pitcher, in the outfield. In seven times at bat in exhibition games he has collected two singles and a triple. He was an outfielder before the Senators tried to use his speed in the box.

* * *

CLEARWATER, Fla. — Give Rookie Barney McCoskey an even break for the rest of spring training, and he's likely to be in the Detroit Tigers' outfield. The ex-Detroit sandlotter has clubbed out a homer, double and three singles in his last two games.

* * *

NEW ORLEANS—Bob Feller remained here to rest today as the Cleveland Indians traveled to Pensacola, Fla., to meet the Pensacola team. Feller complained he was 'all tired out" after pitching a couple of innings against the Gian's Sunday. Manager Ossie Vitt believes Bob has overtrained. He warned the rest of the club that several players weren't hustling and he was prepared to start slapping on fines.

* * *

SAN ANTONIO, Tex.—"We are about ready to put on the steam," Pie Traynor said today as the Pittsburgh Pirates hooked up with the St. Louis Browns in the first of 10 games scheduled against major league teams in 10 days. The Bucs dropped five out of six games to the Chicago Cubs and White Sox on the coast.

"Pie" Traynor

* * *

BIRMINGHAM, Ala.—Paul Dean, pitching question mark of the St. Louis Cardinals, got another chance to convince the doubters today, against the Birmingham Barons of the Southern League.

FOX, AMBERS SHOW HERE NEXT WEEK

Two near champions, both favorites in Boston, will appear in Boston boxing rings next week. They are Tiger Jack Fox of Spokane, Wash., and Lou Ambers of Herkimer, N. Y.

Fox, after a long hospital siege, lost out in his title fight with Melio Bettina; Ambers, former lightweight champion, was dethroned by Henry Armstrong, but critics say he will regain the throne when the two meet again next summer.

Lou Ambers

Fox will fight Al Gainor of Hartford, Ct., in the feature bout of Eddie Mack's Argonne A. A. show at Mechanics Hall next Tuesday.

Ambers will return to meet Honey Mellody, New England lightweight champion, for Rip Valenti's Goodwin A. C. at the Garden one week from Friday.

Fox stopped Lou Brouillard in seven rounds in his final appearance here a year ago. He returned to fight a bangup draw with Tony Shucco, a bout which saw Shucco everlastingly on the run. Fox has met Gainer twice before, each gaining a decision.

Other bouts on Mack's card pair Pete DeGrasse and Vernon Cormier, Pat Foley and Johnny Cabello in a return bout. Their first was a sizzler.

Ambers, in his lone appearance here a few months back, drew 10,000 to the Garden the night he whipped Paul Junior of Lewiston.

His exhibition against Junior was so impressive that fans have been clamoring for another peek at him. Junior made a real fight of it for six rounds, and as Mellody is rated a step higher, prospects of another entertaining evening are in store.

Large Field Entered In Cathedral Run

One of the largest fields in years is expected to compete in the Cathedral Club's 29th annual 10-mile road race, Saturday, over the route which trails through the South End and South Boston.

Manager Mike Sullivan's list was boosted to 45 after the Presentation marathon with close to 125 expected in the fold before the dead line is reached.

Andrews Boxing But He'd Rather Have Steady Job

By HERB FINNEGAN

If Joe Andrews ever reaches the fistic heights—which his boosters insist he will—they probably will call him the "Depression Kid."

For Joe's a product of the economic ebb tide if ever there was one.

Joe used to hang around Kelley and Hayes gym a few years back when he was living in the West End. He boxed with the amateurs and the pros for the fun of it. They thought well of him and tried to keep him at it.

But Joe had foresight. Nothing much in this game, he predicted, as he watched some of the boys who had taken one too many on the lower maxillary stumble around.

So Joe got out of it, and went to high school. That doesn't seem much of a trick to you, but it would if you knew Joe was an orphan. He has been since he was five years of age. And when an orphan decides to go to high school, with nobody to look out for him, he's got to be good.

HIGH SCHOOL GRAD

Joe was good, and he finished Brookline High in 1933 between working nights and sleeping hither and yon. It was worth it, thought Joe. He could get a job now. But he couldn't, so he enlisted in the CCC.

Upon release, Joe got a job in the shipping department of Sears, Roebuck. That was all right but it didn't last long. Then a hitch as orderly at Mass. General. And last fall the pavements.

So Joe, 23 now, got hanging around Kelley and Hayes again, and after talking to Georgie Martin and Mike Kaplan, two boys who are doing all right, he decided to return much in edibles.

So Joe's back in the ring wars again with his eyes on the pro ranks. And he's kept so busy he's been nicknamed "Iron Man" by amateur followers.

PREFERS JOB

Joe isn't fussy whether he fights 135 or 147. In fact on March 16, he won the 135-pound class at the Traffic Club show at the Copley Plaza, licking Nick Sullo and the very next night he won the 147-pound class in the Rhode Island Golden Gloves tournament, even though he weighed only 137 pounds. Previously he had won the Golden Gloves at Lynn.

Joe had planned to fight in the Diamond Belt finals at Lynn last Friday, but the doctors detected a cracked rib, and wouldn't let him in the ring.

But he's going to fight in two more tournaments soon, the Diamond Ring events at Brockton and Quincy.

"After that, I'm going to turn pro," says Joe. Adding, hesitatingly—"That is, if I don't get a job in the meantime."

JOE ANDREWS

N. H. Boy Dies Of Grid Hurt

SYRACUSE, N. Y., April 4 (INS)—Stanley Johnson, sophomore fullback of the Syracuse University football team and a native of Concord, N. H., died today at University Hospital, where he had undergone a blood transfusion.

Johnson contracted pneumonia after treatment for a leg injury suffered on the gridiron last fall.

The injury kept him from playing the full season last fall, and he entered the hospital last week for an operation to relieve calcification of the left thigh.

He prepared for Syracuse at Tilton Preparatory school.

His mother, Mrs. Esther Johnson, and a brother, Robert Johnson, were with him when he died.

Cotton to Captain British Cup Team

LONDON, April 4 (AP)—Henry Cotton, British open golf champion in 1934 and 1937, today was appointed captain of the British Ryder Cup team that will play the United States at Jacksonville, Fla., Nov. 18 and 19.

Commander R. T. C. Roe, veteran head of the British Professional Golfers' Association, will manage the team.

Kipke Comes Back!

DETROIT, April 4 (INS)—Harry Kipke is going back to Michigan; the school that fired him as football coach last year.

Kipke, all-America backfield man for Fielding H. Yost on Wolverine football teams of the early '20's and coach for nine years, today was headed back to his school after a year's lapse with the endorsement of more than 250,000 voters.

He led the four man ticket in the battle for a place on the university board of regents in the spring election.
